

Move Against Inflation

WASHINGTON (AP) — President Nixon will disclose his major new program to fight inflation in a nationwide radio and television address at 8:30 p.m. EDT, the White House said.

Details of the new plan, described variously by administration sources as a "major operation," a "firm but moderate approach," and "more than cosmetic this time," were hard to come by. Most sources expected a significant tightening of wage-price controls along with several other anti-inflation measures.

Although there was no confirmation, some officials said the possibility of price ceilings in selective industries where inflation has been a particular problem could not be ruled out. But an across-the-board freeze of wages and prices was considered unlikely.

The new program is expected to feature a get-tough enforcement policy of present, largely voluntary Phase 3 wage-price controls.

During several days of intensive debate with his economic advisers, Nixon has gone over almost every conceivable option to tackle the price surge that has swept the nation in the past few months, administration sources said. He met for 90 minutes with advisers Tuesday.

With prices rising at the highest rate since 1951 and Congress threatening to impose a wage-price freeze of its own, Nixon "realizes the compelling political need for action," a highly placed source said.

Until Tuesday, the congressional

pressure for tougher controls was coming from Senate Democrats. But then Republican senators voted 22 to 8 at a luncheon meeting in favor of some kind of selective controls or a freeze.

Meanwhile, Republicans won a delay, at least until today, on a vote on Sen. William Proxmire's proposal to require a 90-day freeze on wages, prices, consumer interest rates, profits and rents.

Officials expected the President to move against recently posted price boosts in the steel and copper industries in an attempt to create more credibility for the price-control program.

Nixon also has seriously considered flexible export controls, sources said. The idea would be to try to increase the supplies of com-

modities at home and pull down prices, even though the world market prices may be higher.

The administration's problems are demonstrated by the latest indicators of inflation. Consumer prices from January through April surged by 9.2 per cent. Food prices alone went up by 25.4 per cent during the same period.

Further, the May Wholesale Price Index showed no letup. Wholesale prices rose by 2 per cent, a rate of 24 per cent if it continued for a whole year.

The administration has spoken against a new freeze on wages and prices, saying the economy is now very close to its potential and that a freeze would create even more shortages and make the problem worse.

The types of control actions

discussed in option papers presented to the President were much more selective, according to sources.

Among them were broader coverage of the number of large companies now required to clear their price boosts with the government in advance; a tightening of profit-margin restraints; more price-rollback and refund orders for companies found in violation of controls.

The President also had before him a proposal to tighten up more on spending.

Nixon shifted to a largely voluntary program of wage-price controls on Jan. 11, keeping the mandatory controls on in the health, food and construction industries. But he reserved the right to clamp down on price increases thought to be too far out of line with government guidelines.

Testimony Due From Stans

WASHINGTON (AP) — Former Commerce Secretary Maurice H. Stans faces intensive questioning today about a document that indicates he set up a \$1-million fund in his department for "activities that will be beneficial to the President's re-election." Stans swears he never saw the memorandum.

Stans reluctantly began testifying before the Senate Watergate committee Tuesday after the panel rejected efforts to delay his appearance.

He will be followed to the witness table by former Nixon campaign deputy Jeb Stuart Magruder who, sources say, "spilled his guts" to Senate investigators after being granted limited immunity from prosecution. Magruder is believed to have played a key role in trying to cover up the Watergate scandal and has implicated other high officials.

The potentially explosive memorandum regarding Stans was brought to light by Rufus L. Edmisten, the committee's deputy chief counsel, who initiated the questioning of the man who left the Commerce Department to raise campaign money for President Nixon.

The document, dated July 28, 1971, and marked "confidential" for then-Atty. Gen. John N. Mitchell from Magruder, said Stans had "built up a discretionary fund at Commerce that will total approximately \$1,000,000." "He is using this fund for conferences, hiring and other activities that will be beneficial to the President's re-election."

"If you feel it is appropriate," the memo continued, "Secretary Stans might discuss this concept with other Cabinet officers to see if they can develop the same kind of fund within their own departments."

Presidential chief of staff H.R. Haldeman was marked to receive a blind copy of the memo.

Asked to explain what was meant by the document, Stans replied: "I cannot tell you very much about it. I have no idea what the concept was. I think it must have been based on some misunderstanding or other."

"I had no fund in the Department of Commerce apart from an authorized, budgeted fund of the department, and I think either Mr. Magruder or Mr. (Dick) Whitney (Stans' political aide) would be the ones to have to explain that memorandum."

Stans also was asked if he met with Mitchell last June 24, one week after the Watergate break-in "to find out from him what had happened."

He replied that he probably had a meeting at that time but didn't recall discussing Watergate or "whether there were others involved" in addition to the five men arrested inside Democratic headquarters.

Magruder is reported ready to testify that he attended such a meeting

and that Stans was told the incident involved persons higher in the re-election committee than James W. McCord Jr., the campaign security chief, who was caught in the break-in.

At one point Tuesday, the Watergate committee was conducting three simultaneous meetings: two executive sessions to interrogate Magruder and Watergate conspirator E. Howard Hunt Jr. and the public hearing at which Stans testified.

Committee Chairman Sam J. Ervin Jr., D-N.C., swore in Hunt and

Magruder in order for investigators to question them on possibly self-incriminating matters.

Sources said Magruder, who was granted immunity from prosecution based on his testimony, gave investigators a "full rundown" of his involvement in the Watergate scandal. He corroborated earlier reports linking Mitchell, LaRue, former White House Counsel John W. Dean III and several other figures to a concerted attempt to cover up high-level involvement in the case, sources said.

Fuel Crisis Has Created Gasoline Black Market

NEW YORK (AP) — The gasoline shortage has produced a small, shadowy market where some fuel-starved independent gas station chains are paying premium prices to distributors for supplies.

The market, described by some independents as "moonlight gasoline" or "back door deals," operates at the local wholesale level. Independents confirmed its existence in many sections of the country but it appears to account for a relatively small volume.

The distributors, industry middlemen known as jobbers, generally buy their gasoline from major oil companies. Several independents said the majors have been trying to curb the practice by limiting the amount they will sell the jobbers.

The market got started when the shortage forced the chains' regular suppliers to cut back the amount of fuel they would deliver.

Operators of the private brand chains, where the motorist in the past was able to save 3 to 6 cents a gallon, then had to find alternative gas sources or be faced with having to close stations.

Asked for comment on the situation, several major oil companies either declined to comment or replied through spokesmen that they were unaware of any such market. One said cuts in allocations to the middlemen, or jobbers, were simply part of the over-all effort to fairly distribute available gasoline supplies.

Whatever the reason for allocating, the consensus of independents was that it has had the effect of drying up much of the gasoline that was available on this market three or four months ago.

Both independents and spokesmen for several government agencies agreed the practice was not illegal but was an outgrowth of a "seller's market" with some charging what the traffic will bear.

Interviews with executives of independent chains around the country

developed this picture of the situation:

One way major companies get gasoline to the retail market is to sell it to the independent wholesalers, who resell it to dealers who operate the brandname neighborhood service stations. According to the independents, some distributors are selling to the private brand chains on the side, charging them a cent or more a gallon over what they charge namebrand stations.

This is the reverse of what has been the pattern. Independent chains had been buying gasoline at about the same price that the jobbers paid because there was generally a surplus available.

Viet Truce Communique Initialed

PARIS (AP) — Henry A. Kissinger and Le Duc Tho of North Vietnam today initialed an agreement intended to tighten enforcement of the Vietnam peace agreement, Kissinger reported.

Kissinger, speaking to newsmen after a negotiating session with Tho, said a formal signing ceremony will be held later this afternoon.

The final communique, winding up a week-long round of negotiations, will be signed by the United States, North Vietnam, South Vietnam and the Provisional Revolutionary Government of the Viet Cong.

South Vietnamese objections to the new accord had apparently delayed a final agreement. Kissinger had hoped to finish the negotiating and signing ceremony by last Saturday but had to put it off.

The four-party signing ceremony was scheduled at the International Conference Center, where the Vietnamese peace talks dragged on for four years before Kissinger and Tho in parallel secret talks agreed on last winter's cease-fire pact.

The United States and North Vietnam will have another separate signing after the four-party ceremony.

Today's sessions between Kissinger and Tho was the second since Kissinger arrived from Washington on Tuesday.

The two negotiators met in Gif sur Yvette, 20 miles southwest of Paris. Tho, host in the villa owned by the French Communist party, welcomed Kissinger and there were the usual smiles on both sides.

After a lengthy handshake, the North Vietnamese Politburo member took Kissinger by the arm to lead him into the building.

The signature of the proposed accord by the United States, North and South Vietnam and the Viet Cong's Provisional Revolutionary Government, was postponed Saturday and again Tuesday because of reported objections by the Saigon government to the draft.

Earlier in the day, Kissinger conferred for 45 minutes with Chinese Foreign Minister Chi Peng-fei at the residence of the Chinese ambassador to France.

ASIA, EUROPE LINK — The superstructure of a \$32 million bridge stretches across the Bosphorus Strait in recent aerial photo of what will be the first physical link between Asia and Europe across the strait. View is from the Asian side, with Istanbul in background. Span will be completed this autumn.

Ohio Senate's Disputed Seat To Be Vacated

COLUMBUS, Ohio (AP) — A special Senate committee today recommended that the disputed 26th district seat be declared vacant and new elections held next year.

The committee report was released to newsmen but was not acted upon momentarily because the two Democratic members were in the office of Gov. John J. Gilligan conferring on the administration's budget.

The committee recommended that the seat be declared vacant as of Jan. 1, 1973, but said Sen. Gene Slagle, D-26, Galion, should hold it provisionally until new elections are held in 1974.

Slagle defeated veteran incumbent Robin T. Turner of Marion by 155 votes last November.

Sen. Stanley R. J. Aronoff, R-8, Cincinnati, said he expected the committee report to be acted upon by the full senate this afternoon.

Republicans control the Senate 17-16. "The committee feels that the provisional seating of Mr. Slagle until the Nov. 1974 election is reasonable," the committee said in its report.

"It recognized the practicality that Mr. Slagle has been provisionally sitting and gives a voice to the district. On the other hand it gives the people a chance to remove the cloud from the 1974 1972 election."

The Senate Finance Committee, meanwhile, continued to work on Gov. John J. Gilligan's \$9.9 billion budget while the House was to vote on a bill to permit Sunday horse racing.

Both houses scheduled floor sessions at 1:30 p.m.

The dispute over the Senate seat began immediately after the election. Turner claimed the names were not

rotated uniformly on the ballot in Marion County. There are eight counties or parts of counties in the district.

Slagle's attorneys agreed with Turner's contention but said in the absence of fraud it was not reason enough to overturn the election.

Turner took the dispute to the Supreme Court. That court collected evidence and testimony and turned it over to the Senate for a decision.

The plan, sources said, would declare the seat vacant midway through the four-year term. Anybody who qualified could run for the seat for a two-year term in the regular 1974 elections.

Turner had asked for a new election in Marion County only. The recommendation would call for one district-wide.

The Sunday horse-racing bill would simply permit races on the sabbath but would not change the 50-day racing season at all state tracks.

In floor action Tuesday, the Senate voted 32-0 and sent to the House a bill to extend tax exemptions to an insurance group that underwrites high risk property.

The Ohio Fair Plan Underwriters Association would provide fire insurance for ghetto and run-down properties that are considered too much a risk for individual firms.

The association would be made up of several fire insurance companies. Aronoff was the main Senate sponsor of the bill.

The House passed 88-0 and sent to the Senate a bill that would allow prison inmates to earn credits toward a diploma from their hometown high school while confined.

Disney World Scrutinized By Skylab

SPACE CENTER, Houston (AP) — Skylab's astronauts were to take a close look at Walt Disney World today as part of a test to determine what effect the new tourist attraction is having on central Florida.

The survey of the Disney World area was to be included on the last earth resources test conducted by astronauts Charles Conrad Jr., Dr. Joseph P. Kerwin and Paul J. Weitz. They also planned continuing medical and solar observatory experiments on the 28th day of their 28-day space mission.

The 10th earth resources pass will make geology studies in the Colorado Rockies and Wyoming's Big Horn Mountains, water management assessment in the Great Plains, agricultural surveys in the Midwest, geology and water analysis in Venezuela and land use in Brazil.

But concentration was to be on Brevard County, Fla., home of Cape Kennedy, where two sensor-equipped aircraft were to be in the air to gather data to be compared with that collected by Skylab.

Dr. Verl R. Willmarth, Skylab's earth resources project manager, said Brevard County is an excellent area for land use analysis "because of the impact that Walt Disney World has had there."

Disney World is located 50 miles to the west of Cape Kennedy. Brevard County, like the rest of Central Florida, has felt the boom.

The astronauts Tuesday conducted their first experiments in materials processing, tests that could lead to space manufacturing in orbiting laboratories late in this century.

The unique weightless and vacuum properties of space could produce very strong materials, perfectly round ball bearings, precision optical lenses, pure vaccines and other materials not possible to make on earth because of gravity.

Additional processing tests were planned today.

mostly involve an expected smaller rate of increase in case loads for the Aid to Dependent Children program. All but \$5 million was taken from it and the remaining from general relief appropriations.

Primary and secondary education would receive \$43 million more than the House voted. Of the total, \$36 million would insure school districts of increases in state subsidies of five and 10 per cent, respectively, in the next two years.

The subcommittee put \$4 million more into the fund for buying school buses, and earmarked \$3 million more for special education programs.

Other changes included reduction in the cut of the Civil Rights Commission from \$1.2 million to \$900,000, and that of the Department of Rehabilitation and Corrections from \$8.7 million to \$6.7 million. Occupational safety and health programs would be cut by \$1.5 million instead of \$2 million.

A \$5 million slash in funds for the Department of Natural Resources was

changed to \$4 million by the subcommittee, bringing to \$10 million the total restored by amendments.

The subcommittee also made policy changes in the House version.

It placed a freeze of 55,000 on the number of state employees during the next two years. State employment currently totals about 54,500, up about 4,200 since December, 1970, a month before Gilligan took office.

The subcommittee also changed a House provision that prohibited university student fee increases beyond their April 1, 1973, level. The Senate bill freezes fees at their current legal limit—\$180 a quarter for most schools—and allows institutions below the statutory limit to raise them to that level but no further.

Otherwise, the subcommittee called for a study on ending the practice of using rotary funds or non-tax revenues, and mandated quarterly reports from the administration on the number and amounts of personal service contracts it has awarded.

Additions Raise Budget By \$50 Million

COLUMBUS, Ohio (AP) — Senate Republicans restored some cuts they made in the Democratic administration's \$9.9 billion budget bill and moved it toward a possible floor vote Friday.

The Senate Finance Committee received the bill Tuesday night after two subcommittees agreed on cuts in the House bill totaling \$110 million and additions totaling \$159.5 million.

Finance Chairman Max Dennis, R-10 Wilmington, said he feels the additional \$49.5 million will be available because of upward revisions in revenue projections. He said the full committee will consider the substitute bill as soon as it is reprinted.

The main thrust of Senate changes was to take money from welfare and put it in education and to provide for a 10 per cent cut in the state income tax for Ohioans who file joint returns. It was estimated the reduction will affect 85 to 86 per cent of Ohio's taxpayers.

As the bill now stands, joint filers

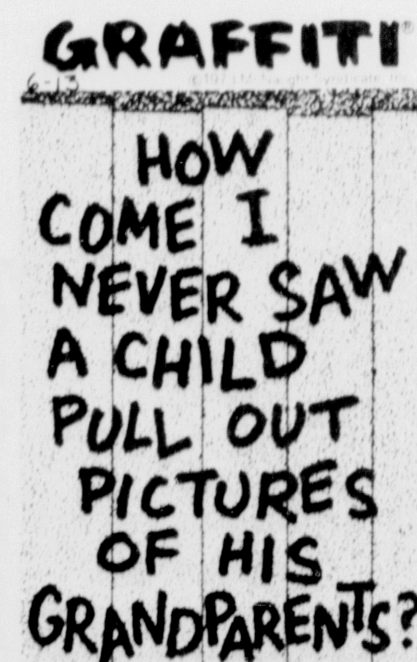

would get a 10 per cent reduction in tax bills for 1973 and up to 10 per cent as funds would permit in 1974. Dennis said the 1974 reduction was left open in case all of the \$78 million earmarked for tax relief is not available next year. "It's a safety valve," he said.

The subcommittee restored \$2 million to the Environmental Protection Agency. It announced an \$18 million cut for EPA earlier. The EPA now would have \$8 million in operating funds plus \$7 million in royalties for a total of \$15 million.

Sen. Howard C. Cook, R-1 Toledo, who led the drive to scale down EPA appropriations, said it would get \$4 million, or 30 per cent more, than it presently is spending.

The subcommittee also trimmed a proposed cutback in the Department of Mental Health and Mental Retardation from \$17.8 million down to \$14.8 million. The Ohio Arts Council's reduction was set at \$950,000 instead of \$1,125,000.

The welfare cuts totaling \$24 million

Weather

Partly cloudy, cooler and less humid today, high in the upper 80s. Clear tonight with low in the mid 50s. Mostly sunny Thursday, high near 80. Probability of rain 10 per cent today and tomorrow.

A Page Of Opinion

Farm Complications

Many problems, from depressions to surpluses and inflated capital investments, have been conquered or outlasted by the American farmer—in diminishing numbers. But in the last year he has been put through a gauntlet which is both unusual and bizarre.

First came the large shipments of wheat and other grains to suddenly appearing new customers, in particular the Soviet Union. While these purchases meant reduction in surplus stockpiles, higher world prices for the grains and more income to the farmer, they also created a market

disruption of major proportions.

Distribution problems alone tied up large numbers of freight cars and dock facilities for long periods of time, in turn affecting distribution of other commodities. Then came the floods and rains along the Missouri and Mississippi Rivers, delaying planting as much as six weeks in those areas.

Added to that was the logistics problem of adding 40 per cent to acreage to be planted, a result of Washington removing planting controls. The latest problem to surface may be the most serious of all:

a shortage of fertilizer just at the time farmers need it for preparing the ground for planting.

The shortage of freight cars is one contributing factor, along with bad fall and spring weather, the commitment of large quantities of phosphates to foreign buyers, diversion of natural gas into storage for the next heating season and the heavier fertilizer demand due to increased acreage.

Fertilizer uncertainty adds one more complication to the 1973 farm picture. Forecasting how much of what has been planted and what the likely harvest will be is especially hazardous at this point.

Embattled Shipping

That some large industries in the United States may face major revolutions in the near future because of uneconomic costs is indicated by the throes the maritime industry is going through.

This is no idle threat. American ships operate at a competitive disadvantage with foreign shipping because of high construction and operating costs. The federal government, which has tried to offset some

of the disadvantage through subsidies, now pays as much as 75 per cent of seamen's wages.

Despite these huge subsidies, American marine lines are dwindling in world shipping impact. Less than 10 per cent of the freight coming into or leaving the United States is handled by American ships.

If merchant shipping currently is the most seriously threatened industry in the United States, it is not the only

one. The basic problem of expanding costs inhibiting a competitive position is a condition many other industries — some small, some large — will face in the near future.

However the solutions are found, the results must be lower costs. Most important to the survival of any industry is the lesson that even the largest enterprise is vulnerable to erosion from costs which continue to rise.

White House Pressured

By JOHN CHAMBERLAIN

The Lord may still take care of drunks and fools, but He is apparently tired of taking care of the United States. Murphy's Law — that if anything can go wrong, it will — has taken over.

The worst of it is that everything has come to a head just as Leonid Brezhnev, Soviet Communist Party chairman, is about to arrive in Washington for talks with President Nixon. The White House will be under terrible pressure to report new and favorable turns in U.S. - Soviet relations if only to counteract the running horror of the Watergate headlines. This is hardly a good background for successful negotiation; Nixon will have to be a cool man indeed to ignore the compulsion on him to come up with something that sounds good even though the substance just isn't there.

The Soviets, who aren't bothered by a recalcitrant press, have spent the spring trying to soften Richard Nixon for the kill. Pravda and Radio Moscow have followed the normal anti-capitalist, anti-imperialist line in reporting on the activities of ITT in Chile, the sins of the military-industrial complex, the oppression of the Indians at Wounded Knee, the discrimination against blacks and other minorities, the rise in the cost of living, the greediness of the big corporations. But there has been practically no reference to Watergate. Not a word about White House corruption, or the resignation of H.R. Haldeman and John Ehrlichman, or the demands, shrill in some quarters, that Nixon resign before he is impeached. The Russian formula has been to apply the

usual Marxist critique to capitalist institutions, but to be nice as pie to Richard Nixon as a person.

Heaven knows the poor man needs some sympathy. The bitterly ironic thing about it is that Americans, by one final twist of Murphy's Law, seem bent on pushing Nixon into the arms of the beguiler. There is no let-up in the savage "get the President" game that is being played by the liberals. They even want Vice President Agnew's head on the same platter, and have been concocting outlandish schemes to force a resignation of the whole Republican ticket. We need a positive energy policy to live in the world—a better use of coal and atomic power, and a more skillful development of our native oil and gas reserves. But our consumerists and ecologists, led by Ralph Nader, do everything they can to increase the average gas consumption of the American car and to make us dependent on a steadily growing volume of Arab oil shipped thousands of miles in vulnerable tankers.

Meanwhile, Congress, by undercutting Nixon on the bombing in Cambodia, renders it practically impossible for Henry Kissinger to turn the supposed cease-fire in Indochina into a reality. Watergate itself is indefensible, and it is important that the culprits get a reasonable comeuppance for breaking and entry and burglary. But there is no excuse for the cruel and unusual punishment involved in Judge Sirica's 35-year sentences for crimes that have been routine in Washington even in the days of the sainted New Dealers.

Nixon will have to be tough to resist

the blandishments of Brezhnev with a lynch spirit running strong in the capital that should be behind him; the temptation to get some commendation even for the short term will be hard to resist.

If Nixon is up to it, Brezhnev could be handled with no net loss to the U.S. The Soviets need our grain and our technology, and their own position vis-a-vis the Arab world is not too strong. Their support of revolutionary Iraq has not pleased the status quo Arab states of Kuwait and Saudi Arabia. They are having a hard time explaining the emigration of Soviet Jews to Israel; Radio Liberty quotes Qaddafi, the Libyan leader, as saying: "What is the use of Soviet friendship and assistance if the Soviet Union continues to provide our enemy with human resources of various specializations?... Human resources are more dangerous than the Phantoms." Qaddafi condemns the Soviets for joining an anti-Palestinian "conspiracy."

The world situation should make Brezhnev the supplicant. But Nixon's enemies at home, in my opinion, are bringing the Soviet leader here as a potential conqueror.

They'll Do It Every Time

Today In History

By THE ASSOCIATED PRESS

Today is Wednesday, June 13, the 164th day of 1973. There are 201 days left in the year.

Today's highlight in history:

On this date in 1956, Britain gave up its 74-year control of the Suez Canal, turning the waterway over to Egypt.

On this date:

In 1502, Christopher Columbus discovered the West Indian island of Martinique.

In 1841, the first Canadian Parliament opened in Ottawa.

In 1917, U.S. Gen. John Pershing and his headquarters staff arrived in Paris in World War I.

In 1940, Paris was declared an open city in World War II.

In 1942, the U.S. Office of War Information was created, with broadcaster and writer Elmer Davis as director.

In 1967, Thurgood Marshall was named the first black on the U.S. Supreme Court.

Ten years ago: The new liberal government in Canada announced strong measures to curb the takeover of Canadian companies by U.S. interests.

Five years ago: About 12,000 U.S. and South Vietnamese troops searched the area around Saigon, seeking the enemy force whose rockets had been smashing into the capital.

One year ago: President Nixon submitted to Congress his treaty with the Soviet Union to limit nuclear arms.

Today's birthdays: Former football star Red Grange is 70. Former middleweight boxing champion Mickey Walker is 72.

Thought for today: We have two ears and only one tongue in order that we may hear more and speak less — Diogenes, Greek philosopher, about 412-323 B.C.

Editions Of The Past

JUNE 1933
40 Years Ago

Pickaway County's 45 young men in the reforestation army left their station at Fort Knox, Ky., for Fresno, Calif. According to Fort Knox sources the Pickaway County group was the best in the area of about 2,500 members.

J. O. Eagleson, superintendent of Circleville schools for the past 13 years and principal for two years prior to that, was honored by teachers of the city schools with a banquet at the Hotel Boggs upon his retirement.

The mercury in Circleville thermometers soared to the 95-degree mark as residents hoped for a break in the torrid heat.

Circleville B.P.O. Elks Lodge No. 77 made plans to hold a "Ted Lewis Night" in honor of the famous band-leader on his next visit to the city.

The initial step toward municipal ownership of the light and power utility was taken by city council when, by a vote of 4 to 3, Paul E. Adkins, city solicitor, was instructed to draw up necessary legislation to sell \$2,500 worth of bonds to employ an engineer for a survey.

B&O Seeks Track Trade

CLEVELAND, Ohio (AP)—The Baltimore & Ohio Railroad and its affiliated Western Maryland Railway have asked the federal government for permission to exchange and abandon tracks in Maryland, Pennsylvania and West Virginia.

Under a proposal submitted to the Interstate Commerce Commission (ICC), the B & O would grant Western Maryland the rights to about 184 miles of track in the three states, while the Western Maryland would abandon about 125 miles of tracks which parallel the B & O tracks.

The railroads said Western Maryland would continue to use portions of the parallel tracks to serve freight customers.

Chessie System President Hays T. Watkins, head of the parent company which holds the B & O, said the move would open "the Connellsville, Cumberland and Ridgely, W.Va., areas for industrial development and other purposes."

"No industry currently using Western Maryland's rail service will be deprived of such service by the proposed changes," he said.

Deschutes National Forest in central Oregon has more than 100 lakes and 300 miles of streams.

"Take out the garbage? Aren't you forgetting that I'm retired?"

Speaking Of Your Health

by Lester L. Coleman, M.D.

I was told that my triglycerides are high and that I should go on a diet to reduce this.

No one seems to know what foods are high in triglycerides. Is this something new?

Mrs. R. MacL., Pa.

Dear Mrs. MacL.: In a non-technical way, triglyceride levels in the blood are associated with high cholesterol. Both reflect the high intake of certain fatty foods, and are responsible for arteriosclerotic changes in the blood vessels.

There are a number of genetic and medical reasons for high cholesterol and high triglycerides, but diet plays one of the most important roles.

Diets that contain saturated fats, mainly in eggs, and in dairy and meat products, are to be avoided.

Substituting polyunsaturated fats for these saturated fats can reduce the triglyceride level in the blood. Vegetable oils, safflower oil, corn oil, and soybean oil are good sources of polyunsaturated fats.

Avoid coconut oil, chocolate, lard, shortenings, and dairy products except cottage cheese and skim milk.

Shellfish are moderately high in cholesterol and should be eaten sparingly.

While I am on the subject of triglycerides and cholesterol, let me emphasize that three factors are now considered to play the most important role in the production of arteriosclerotic, cardio-vascular disease. This condition has now reached epidemic proportions in the United States.

According To Boyle

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

Despite their use in spreading terror in horror films, the tarantula is not a particularly dangerous insect. Its bite is not as fearsome as its visage. Unless you have a particular allergy, the bites of some ants, bees and wasps can be more harmful.

The common cold is still the chief enemy of the factory foreman and the office straw boss. From 40 to 50 per cent of all absenteeism is blamed on colds, and the average worker loses four or five days a week because of them. Sixty per cent of the people have from two to three colds a year, and only six per cent go through a year without one.

Here is a fact that doesn't add to our national pride: The United States has one of the highest rates of alcoholism in the world, and alcohol is recognized as the No. 1 drug of abuse in this country.

Quotable notables: "We live but once; we owe nothing to posterity; and

Bullet Removed From Stennis

WASHINGTON (AP) — A convalescence period of a month or six weeks is predicted for Sen. John C. Stennis following removal of a bullet from his abdomen.

The Mississippi Democrat was shot twice in a robbery in front of his home here last January.

One bullet was removed after the shooting. The second was removed Monday. Doctors at the Walter Reed Army Medical Center said: "The senator tolerated the surgery satisfactorily."

Stennis, who will be 72 in August, was in critical condition for days after the shooting but has been regaining his strength.

Cigarette smoking, high blood pressure, and diets high in cholesterol are the cardinal offenders.

It is most disturbing to find that coronary heart disease is occurring more and more frequently in the younger age groups because of disregard for the warnings against smoking, improper diet, and disregard for the early signs of high blood pressure.

What is meant by the term "quickening" during pregnancy?

Mrs. G.K., Iowa

Dear Mrs. K.:

This is an interesting term of old Anglo-Saxon origin. It refers to the very first movements of the fetus in the mother's womb.

The mother usually becomes aware of active movements some time between the 16th and the 20th week of a normal pregnancy.

"Feeling life" would be a more familiar way of describing this sensation of "quickening."

I become terribly upset when I hear a sudden sharp noise. Is there something wrong with my hearing center?

Miss A.V.M., Ohio

Dear Miss M.:

Some people react as you do to sudden loud, penetrating noises.

I have known people who actually have a sense of pain with thunderous noise.

Your reaction does not suggest that there is anything wrong with your hearing mechanism.

a man's own happiness counts before that of anything else." — Norman Douglas.

Dutch problem: One of the woes of traffic cops in Amsterdam is that about 50 drivers a year manage to drive their vehicles into canals. The special police who have the task of fishing the cars out are called grachtenvissers, or canal fishermen.

Puff Puff: Man probably smoked before he learned to read or write. Indians were smoking in South America 5,000 or more years ago, and in Wyoming pipes were used 4,000 years ago. But since tobacco is a New World plant, smoking was probably unknown in the ancient civilizations of Egypt, Greece and Rome.

Worth remembering: "A man can go through married life without an angry word or fight, 'If he'll just shut up when he's wrong and keep still when he's right.'"

1040 U.S. Individual Income Tax Return Taxpayers Ask IRS

This column of questions and answers on federal tax matters is provided by the local office of the U.S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

(Q.) I don't think the agent who examined my return was right in disallowing some of my deductions. Is there anyone else at the IRS I can see about this?

(A.) Yes. You may request a district conference to discuss the disputed deductions. The way to do this is described on the notice you received explaining the proposed changes in your tax.

The conference provides you with an independent review of the questioned items. For more information, see IRS Publication 556, "Audit of Returns, Appeal Rights and Claims for Refund." It's available free by writing your Internal Revenue district office.

(Q.) I attended a \$25-a-plate dinner for a local political candidate. Can I deduct this as a political contribution?

(A.) Yes. This amount is eligible for deduction or credit as a political contribution, so long as the dinner is clearly in the context of a campaign of an announced candidate and is not primarily a device to confer private benefits in the form of meals or entertainment to the contributor. For example, a traditional political testimonial dinner, where the meal is considered only incidental to the political speeches given for the candidate, would be eligible for the deduction or credit.

You may deduct no more than \$50 (\$100 for married taxpayers filing jointly) or you may claim a credit of one half of the contribution not to exceed \$12.50 (\$25 for married persons filing jointly).

(Q.) Does the IRS automatically impose a penalty on a taxpayer who underpays his estimated tax installment?

(A.) The 6 percent estimated tax penalty does not apply if each installment is paid on time, and the total paid (1) is at least 80 percent of the amount due on the basis of the final tax return for the year; or (2) is at least as much as would have been paid based on the tax shown on your 1972 return; or (3) is equal to a tax that would have been computed using last year's income, itemized deductions or standard deduction and this year's tax rates and exemptions; or (4) each installment is equal to 90 percent of the tax computed, based on the taxable income for the months preceding the month in which the installment is due, as if the period was the taxable year.

For more information on estimated tax and the special rules that apply to farmers and fishermen, see IRS Publication 505, "Tax Withholding and Declaration of Estimated Tax." It's available free by writing your Internal Revenue district office.

(Q.) My 17-year old daughter qualifies as my dependent. This year she'll probably earn over \$750 from a part-time job and receive about \$20 in interest from her savings account. Will she have to file a return for 1973?

(A.) In General, an unmarried minor must file an income tax return if she had gross income of \$2050 or more during the tax year. However, if the minor had any unearned income during the year (interest, dividends, trust income, etc.) and another taxpayer is entitled to claim an exemption for her, the minor must file if she had \$750 or more in gross income.

Your daughter would have had to file a return anyway if she wanted a refund of tax withheld from her earnings.

Darbyville News

By MRS. ROY ANKROM

Mr. and Mrs. Wendell Neff were Friday evening guests of Mr. and Mrs. Roger Versteeg of Hilliards.

Mr. and Mrs. Floyd Brigner were Sunday dinner guests of Mr. and Mrs. James Edwards of Grove City.

Ronnie Peters of Columbus spent the weekend with his grandparents, Mr. and Mrs. Roscoe Peters.

15 M.P.H.

Is Fatal To Pedestrians

COLUMBUS, Ohio (AP) — Fifteen miles an hour is the threshold of death for pedestrians hit by cars, a Battelle Memorial Institute research scientist reported Monday.

If the car is moving slower than 15 m.p.h., the pedestrian may live.

If the car moves faster than 15 m.p.h., the pedestrian probably will die.

That's a central finding of the \$40,000 study done by John Herridge, chief of the Battelle thermal and mechanical energy systems division. He designed the study to find out how car body styles affect the severity of pedestrian-auto crash injuries.

After battering two dummies 22 times with a simulated auto, Herridge knows what car he wants to hit him—if he gets hit.

"I think I'd rather be hit by a low-profile vehicle that hits me in the legs," he said, if the car is moving at a slow speed.

By low profile, Herridge meant a sports car, which does less damage when speeds are below 15 m.p.h.

Over 15 m.p.h., pedestrians "stand a better chance of surviving if they are hit by a high-profile standard car," Herridge said, because they won't be thrown into the windshield.

Herridge began the Battelle study because "there was relatively little being done to improve pedestrian impact."

"We set out to provide a regulated, controlled methodology," he said.

He used an air-powered sled capable of accelerating a 10,000-pound load to 71 m.p.h. in six feet. The sled functioned as the car. He sent the sled crashing into two \$5,700 dummies at controlled speeds, taking pictures of the impacts with three cameras recording 1,000 frames per second.

Mrs. Timmy McCune and family are spending the weekend with Mr. and Mrs. Leonard Massie.

Mr. and Mrs. Marvin Stout and family have returned to their home in St. Petersburg, Fla. Mrs. Stout was called home by the death of her father Mr. Carl Martin.

Mr. and Mrs. Wendell Neff were Sunday dinner guests of Mr. and Mrs. Rodney Neff and son Scott of Columbus.

Patti and Joe Fyffe of Circleville spent the week with Mr. and Mrs. Raymond Leach and family.

Faye Slagle of Circleville was a Sunday dinner guest of Loretta Watkins.

Mr. and Mrs. Don Conley, Columbus spent Sunday evening with Mr. and Mrs. Otha Lewis.

Mr. and Mrs. Ora Rothgeb and family, Mr. and Mrs. David Rothgeb and family were Sunday dinner guests of Mr. and Mrs. Jacob Rothgeb and Mr. and Mrs. Dale Rothgeb of Procter.

Mrs. Daisy Rowland is a surgical patient in Madison County Hospital, London.

Mr. and Mrs. Ronnie Schatz of Columbus, Mr. and Mrs. Richard Yorke of Athens were Sunday guests of Mr. and Mrs. John Schatz.

Mrs. Beverly Rothgeb and family visited with her parents, Mr. and Mrs. Denver Smith, of Minford. While there they visited other relatives, Mr. and Mrs. Phil Dehtly, Mr. and Mrs. William Dehtly, Mrs. Betty Dehtly, and Mr. Isaac Jones.

Mr. John Dewitt and family were Thursday evening visitors of Mr. and Mrs. Dave Rothgeb and family.

Drifting Buoy Delivered

BAY ST. LOUIS, Miss. (AP) — The first drifting limited capacity buoy has been delivered to NASA's Mississippi Test Facility here, by Magnovox.

The buoys will be used by NASA's National Data Buoy Center under the National Oceanic and Atmospheric Administration in an ocean surveillance program to improve international weather prediction. It will also be used for long-term study of oceanic conditions.

News Of Interest To Women

6 The Circleville Herald, Wednesday June 13, 1973

MRS. STEVEN KENT HERRON

Miss Pamela Diane Atwood Bride Of Steven K. Herron

A large bouquet of spring flowers centered the altar of Southside Church of Christ in Columbus for the wedding of Miss Pamela Diane Atwood and Mr. Steven Kent Herron, 2:30 p.m. June 16th. White satin bows marked the pews completing the decorations.

Rebecca Jo Henn Honored With Bridal Shower

Miss Rebecca Jo Henn, bride-elect of Steven Brink, was honored recently at a bridal shower in the home of Mrs. Don Hamilton, 129 W. Ohio St.

A "Young Love" theme was used in the decorations of purple and pink.

Games were played with prizes won by Mrs. Richard Warren, Mrs. Gary Weaver and Mrs. Neil Rhoads. All prizes were presented to the honoree.

Refreshments of cake, punch and mints were served by the hostess following the opening of gifts.

Guests were: Mrs. John Henn, Melinda Henn, Regina Henn, Mrs. Charles Merriman, Mrs. Ned Dresbach, Miss Marsha Hoffman, Mrs. Forrest Hoffman, Mrs. Greg Fouch, Mrs. Neil Rhoads, Mrs. Gary Weaver, Mrs. Richard Warren, Mrs. Richard Bigham and Mrs. Gerald Winfough.

Unable to attend but sending gifts were: Miss Nedra Dresbach and Mrs. Kenneth Williams.

Personals

Leland Ray Kuhlwein, 12 year old son of Mr. and Mrs. Bill Kuhlwein of near Newark, was received into membership at Hanover United Presbyterian Church on Pentecost Sunday. Mrs. Ray Kuhlwein, Route 1, Lockbourne and Miss Eleanor Brown attended with the family and enjoyed dinner later at the Evergreens Restaurant.

If your quick bread loaf has a hump in the middle you've probably over-mixed the batter.

Dorcas Sunday School Class Has Program On React Work

Dorcas Sunday School Class of Calvary United Methodist Church met recently in the church basement. Guest speaker was Mrs. Erma Iles, a member of React. Assn.

A covered-dish luncheon preceded the business meeting and program. After an hour of food and fellowship, the meeting was called to order by president, Mrs. Florence Wise with a reading, "A Tribute To The Bible."

Mrs. Russell Lape led devotions using the topic "The Ten Commandments" and closing with prayer. A fruit basket will be taken to Mrs. Louise Kennedy and Mrs. Kathryn Adams. A note of thanks was read from Mrs. Kathleen Jones for the flower she received at Easter.

For the next meeting, class members are to think of a motto, class flower and why they chose it. They were also asked to bring a can of food of some kind for the church pantry which is kept available along with donated cash for emergencies.

Dinner Planned For Father's Day

President Ruth Notestone, presided at a recent executive meeting of the WSCS of Laurel Hills United Methodist Church of Laurelville. Others present were Betsy Swepton, Phyllis Ross, Hattie Karr, Doris Disbennett and Zola Chilcote, who opened the meeting with prayer.

Plans were made for a carry-in dinner to be held at the church 6 p.m. June 16th, to honor fathers. Everyone is cordially invited to attend. A short program and an evening of fun is planned.

Plans for the rummage sale were discussed. The date is Aug. 18th at the church. Members are asked to save articles or bring them to the church where they can be stored until the sale.

On Thursday at 7:30 p.m. the next regular meeting of the WSCS will be held at the home of Ruby Drum. Ruth Notestone will be assisting hostess and Marabelle Higgins will present the program.

Salem Fish Fry Discussed By WSCS

Women's Society of Christian Service of Salem United Methodist Church met Thursday evening at the church.

Activities began with singing "God Will Take Care Of You." Mrs. Darl McAfee, president read "The Legend Of The Raindrop" and "Before You Can Dry Another's Tears, You Too, Must Weep."

Mrs. Ralph Ankrom read "Enthusiasm, Tell Yourself Good News" by Norman Vincent Peale. "Brighten The Corner" was sung followed by members repeating "The Lord's Prayer" in unison.

It was reported 11 calls were made on persons who are ill and a suggestion was made to send cards to members who are hospitalized and shut-ins.

Mrs. McAfee told highlights of a meeting she attended in Chillicothe. She said some changes will be made later stressing missionary work and mentioned that if extra missionary money was available it be sent to the Southside Settlement in Columbus.

Mrs. McAfee also announced there will be a District Celebration Sept. 20th at the First United Methodist Church in Portsmouth.

Plans were discussed for the annual Fish Fry to be held July 19th at the church.

Mrs. Jesse Hildenbrand conducted two contests with prizes awarded to Mrs. Darl McAfee and Mrs. Drema Scott.

Refreshments were served by hostesses: Mrs. Wilbur Pontious, Mrs. Robert Nothstine and Miss Betty Boldoser to 13 members and one guest.

They were also asked during the months of June, July and August to save a coin each day for something they are thankful for. The money will be turned in at a later date and purpose for its use announced.

Mrs. Iles said that many people have heard about React but really didn't know what its function is.

It is a national association of citizens who volunteer their assistance and provide two-way radio communications in local emergencies. The React team works with the Sheriff's Department and State Highway Patrol in case of tornadoes, drownings, accidents of all kinds and lost persons.

First Aid is a requirement for both men and women's auxiliary. They participated in the Walk-A-Thon and the Bike-A-Thon for the Cancer Society.

Members assisted in the coffee break four days during the Memorial Day weekend serving hot coffee and doughnuts free to travelers.

React received many compliments for this service which was felt to have saved accidents on the busy highways. They were also called to help in finding two boys who were lost at Tar Hollow State Park.

A first aid trailer will be available at the Pumpkin Show with qualified personnel on duty.

The women's auxiliary prepares fruit baskets for Nursing Homes and sends get-well and Christmas cards.

A Jamboree is held each spring which is their only money making project to supplement dues paid by members. Men and women have identifying shirts and jackets they wear on duty and to meetings.

The association is open to anyone who cares to join and will take the first aid course.

Circleville BPW Installs Officers

Circleville Business and Professional Women's Club installed new officers during its recent meeting at the L-K Restaurant. Harriet Kaylor, president, presided and year end reports were heard from committee members.

A gift was presented to Harriet Kaylor in appreciation for her work and dedication as club president during the past two years. A gift was also presented to Marge Whaley, an active member, who is moving with her family to Pennsylvania.

Installed officers are: Freda Collins, president; Jean West, vice president; Charlotte Hill, recording secretary; Ruth Hulise, corresponding secretary and Louise Hill, treasurer.

Following installation, Genevra Ullman gave a brief history of the Circleville BPW Club. Music was furnished by JoAnn Brink and Marge Whaley.

The club members will enjoy a summer vacation with meetings scheduled to reconvene in September.

Use fluted cucumber slices for a garnish. To make, peel a cucumber and run the tines of a fork down the length of the cucumber, all around. Slice thin.

Lordstown Strike Still A Mystery

LORDSTOWN, Ohio (AP)— Two days later, no one connected with the Fisher Body plant here claims to know anything about the five mystery pickets who shut the factory down in a drama that bordered on slapstick.

United Auto Workers union leaders say now they believe the five were nonemployees pulling a stunt. Plant officials say they don't care who they were, but they don't want it to happen again.

The five masked pickets showed up Sunday night, marched in front of the plant entrance and stopped 1,200 Monday morning shift workers from entering the plant. The plant had to close down.

FATHER'S DAY IS JUNE 17TH

Kingston News

Mr. and Mrs. Harold Knisley and daughter, Mrs. Dennis Zeigler, attended commencement exercises at Ohio University Saturday when Miss Sueanne Knisley received a degree in education, majoring in English.

Also attending the commencement were Mr. and Mrs. George Myers Jr. Columbus Pike, parents of Miss Beth Myers who received a degree in education with a math major and their son-in-law and daughter Mr. and Mrs. Charles Dennis.

Both girls are 1969 graduates of Zane Trace High School and were room mates at OU having attended the branch at Chillicothe first.

They all had dinner at the Sportman and spent the evening at Deibels in German-Village, Columbus.

A carry-in dinner at the home of Mrs. Glenn Ross on Tuesday honored her sister-in-law, Mrs. Lawrence Betz. Other guests were Mrs. William Beavers of Chillicothe, Mrs. Donald Dearth and her daughter and granddaughter, Mrs. Robbie Roll and Angela, Route 2 and Mrs. Irwin Dresbach.

Sixteen-year-old Sherry Whaley will present and organ recital Thursday, Friday and Saturday evenings during the Kingston Geranium Festival, June 20 through June 24. Thursday night will be one half hour long at seven o'clock but the other two nights will be from 7 to 8 p.m.

Sherry, a pupil of John Throckmorton, of Chillicothe, is the daughter of Mr. and Mrs. Gene Whaley.

A new slate of officers was named by the Auxiliary of the Kingston American last Tuesday night. First vice president, Mrs. Roger Karshner was moved up to the office of president; Mrs. Francis Kelley and Mrs. O. H. Targee were re-elected Secretary and treasurer respectively. Other positions filled were: first vice president, Mrs. Orsie Gibson, second vice president, Mrs. Charles Maxwell, chaplain, Mrs. Lyman Dresbach Jr. and sgt. at arms, Mrs. Olive Kelley. Installation will take place at a dinner meeting at the Fox Farm in July.

Mrs. Henry Jackson has been visiting her son-in-law and daughter, Mr. and Mrs. Bill Overly and son Aaron at their home in Lucasville.

Mrs. Willard England and Mrs. Russell England attended the 8th annual Spring Festival of the Northwest United Methodist Church of Columbus at Hastings Junior High School Sunday evening. Grandchildren of Mrs. Willard England participated. Nathan Dorsey was in the Chapel Band and Sheri and Ricky Brown were members of the Chapel Choir. They are children of Mr. and Mrs. Vinton Dorsey and Reverend and Mrs. Paul Brown, all of Columbus.

Mr. and Mrs. William Meadows and Mr. and Mrs. Sherman Edler visited their aunt, Mrs. Hazel Mackey in Vanceburg, Ky. and their uncle and aunt, Mr. and Mrs. Lester Kemplin in Tollesboro, Sunday afternoon.

Mrs. Ronnie Haper entertained for the thirtieth wedding anniversary of her parents, Mr. and Mrs. Merl Seymour, Sunday. Present in addition to the honor guests were Mr. Harper and sons, Jerry and Eric, Mrs. Will Rizer, Mrs. James Seymour, Mr. and Mrs. James Leming and children, Becky, Mike, Brian and Janie of Columbus.

Mervil Keeton took over management of the Shell Service Station on Main St. at the County Line Rd. on Monday and will offer in addition to the regular services, minor tune-up, oil change and lube and small engine repair.

Mr. and Mrs. Jack Martin of Dayton called on her mother Mrs. Bessie Smith and Floretta Sunday.

Mrs. Lyman Dresbach Jr. joined her sister and mother, Mrs. Ira Budd and Mrs. Louise Priest, Saturday night to attend the 75th Alumni Banquet of the Johnstown High School. It was the twenty-sixth anniversary of Mrs. Dresbach's class.

Home from Ohio State University for the summer is Tom Davis, son of Mr. and Mrs. Raymond Davis. He will begin his senior year in the fall.

A native of Kingston, Mrs. Effie Betz Wolfe, will observe her ninetieth birthday and greet her many friends and relatives at open house Sunday at the American Legion Home at the corner of Main and Ing Streets in Kingston.

Hosting the affair is her daughter, Mrs. Olive Martin of Garden Grove, Calif. with whom Mrs. Wolfe has made her home in recent years and her son and daughter-in-law, Mr. and Mrs. Robert Wolfe of Des Moines, Iowa.

The visitors are expected on Wednesday and Mrs. Wolfe and her daughter will stay with her brother, Lawrence Betz and his wife while Robert and his wife will be the guests of their cousin, Mrs. Irene Smith.

Mrs. Wolfe's two sisters, Mrs. Olive Kelley and Mrs. Laura Schneider live in Kingston and her other brother, Pearl Betz is a patient in the Veteran's Hospital at Chillicothe.

Several members of the Whisler Ladies Aid had a picnic dinner at Ted Lewis Park in Circleville Wednesday afternoon. They were Mrs. Florence Fetherolf, Mrs. Beulah Crawford, Mrs. James Seymour, Mrs. Elizabeth Jones, Mrs. Nancy Enoch, Mrs. Alta Lutz and Miss Dorothy Jones. After dinner the group went to Mrs. Lutz's home for the business meeting.

Several names were inadvertently omitted from the list of Kingston graduates from Zane Trace High School. They were Kevin Timmons, Julie Gahn, Carol Thompson and Terry Chaffin.

Mr. and Mrs. Charles Betz and son Casey had as their dinner guests Sunday, Mr. and Mrs. Lawrence Betz and Mrs. Deb Carmean. Charles Betz is in Dunedin, Fla., where he is working with his uncle, Jack Donahue in the Nursey and Landscape business.

Mr. and Mrs. Merl Seymour and his mother, Mrs. James Seymour were special guests at a Memorial Service in memory of Terry Dresbach Sunday night at the Church of Christ near Laurelville.

Terry was the son of Mr. and Mrs. Ralph Dresbach, who now live in Hessel, Mich., and the nephew and grandson of the Seymours. Rev. Lynn Summers was in charge of the services.

Mr. and Mrs. Grover Whitten, Mrs. Vera Miller, Miss Clara Hansen and Mrs. Richard Hansen attended Graduation ceremonies at Ohio State University Saturday where Mr. Rick Whitten received a degree from the College of Agriculture where he majored in Forestry. They all had dinner later at the Jai Lai restaurant.

The Whisler Presbyterian Church will have its annual fish-fry Friday night with serving from 5 to 8 p.m.

Mrs. Nick Prewett and her mother Mrs. William Damron entertained at the home of latter last Wednesday, with a party for the first birthday of Master Brian Campbell, son of Mr. and Mrs. Gary Campbell.

Other guests were Mrs. Brenda Parker and Andy, Mrs. Marie Gibbs and Sean, Miss Caroline Rayburn and Jamie and Danny Prewett. Four Mickey Mouse characters brought from Disneyland, decorated the birthday cake and the same motif was carried out in the plates, cups and balloons.

Beef Cattle Production Moves Ahead

WASHINGTON (AP) — The Agriculture Department says the number of cattle being fattened for slaughter increased one per cent last month and, by June 1, was four per cent more than a year earlier.

The June 1 inventory, made in seven major producing states, showed there were 9,455,000 cattle and calves in feedlots, compared with 9,391,000 on May 1 and 9,075,000 on June 1 last year.

But the USDA also reported Tuesday that placements of new cattle on feed in the seven states were down 10 per cent from a year earlier. Sales of cattle for slaughter during the month also dropped four per cent from May 1972.

Economists have blamed high feed costs for part of the cutback in feedlot placements. The availability of spring pasture also has been a factor. Instead of putting more cattle on feed, many stockmen are keeping animals on grass this spring and summer to put on weight at lower cost.

The June 1 feedlot inventory included cattle being fed in the following states, with their percentage change from a year earlier:

Iowa, 1,875,000 head up 3 per cent; Nebraska, 1,499,000 up 10; Kansas, 1,210,000 up 5; Texas, 2,252,000 up 10; Colorado, 930,000 down 9; Arizona, 581,000 up 6; and California, 1,109,000 down 2.

Placements of cattle in feedlots during May increased only in Arizona, up 11 per cent from a year earlier, and in California, up 12 per cent.

County Library Receives Funds

Pickaway County District Public Library and 11 other Ohio Valley libraries are the recipients of \$90,608.50 from the State Library Fund.

The money is to enable small libraries in this area to develop service equal to that of the larger library system with greater funding. It will be used in the district to expand adult services and training for staff so they might better utilize resources available in the local and area libraries.

Joe Schubert, librarian, State Library of Ohio, was to be in Ross County today to present the check to Mrs. Emelyne Reed, president of the 12-library organization, ALSO, or the Area Library Service Organization.

The funds will be disbursed to member libraries for the period of June to December, 1973, for their use in approved betterment programs.

Cripples pictured on pre-Columbian pottery fragments have been suspected by some to have been TB victims.

"Tecumseh!" Cast And Staff Begin Rehearsals For Drama

The entire 96-member cast of the outdoor historical drama, "Tecumseh!" has assembled for rehearsals in Chillicothe. The complete production staff of 134 now is involved in preparations for the June 30 world premiere of the drama in Chillicothe's new Sugarloaf Mountain Amphitheatre.

"The principals have been in production for a week, and now we are adding the supporting cast," explained Dr. David Weiss, director of the drama. "This week's rehearsals are the first for which the entire cast has been assembled. Because of the complexity of the drama, morning, afternoon and evening rehearsals have been scheduled."

Dr. Weiss continued, "Thanks to the wide range of professional experience represented in the company, we are

making more rapid progress than I've ever encountered in any other outdoor drama."

"Contributing to this, of course, is the excellent script by Allan Eckert, which has the entire cast excited."

Playwright Allan Eckert, who has been in Chillicothe the past week for rehearsals and for polishing the script, has expressed his enthusiastic approval of the director and the cast. Eckert, a four-time Pulitzer Prize nominee, has based his script on the historical narrative, "The Frontiersmen."

The "Tecumseh!" company represents approximately 15 states, from Oklahoma to New York to Louisiana. "Many members of the company have expressed their pleasure at the warm reception they've received from Chillicothe," observed the director.

Dr. Weiss is chairman of the department of speech and drama at the University of Virginia. A veteran of four other outdoor dramas, he directed "Trail of Tears" at Tahlequah, Okla., the past four seasons. He has worked with such stage and screen stars as Eileen Heckert, Henry Fonda, Anthony Quinn and the Lunts.

Alan Kirk, scenery and lighting designer and technical director for the drama, is an assistant professor at Ohio State University, and has served as production manager for the OSU theatre department.

"Alan brings not only his experience as a teacher but also his experience with other outdoor dramas," commented Dr. Weiss. "He will provide the drama with exciting settings and lighting that will involve more than 200 instruments and nearly 100 cues. The battle scenes now being staged have no equal in any other outdoor drama in the United States."

WHERE'S COOLSVILLE?

Pamela Schuelke is costume designer and costume mistress for the drama; James Jontz, production stage manager; Patrick David, stage manager; Alan Levey, sound technician; Larry Williams, master electrician; Philip Warner, property master; and William Cooper, pyrotechnician.

In the cast are individuals who have performed in all the entertainment media — stage, screen, radio and television. They are represented by all the performing unions: Screen Actors Guild, AFTRA and Actors Equity.

In addition to professional stage experience, Mel Cobb, who plays the drama's title role, has appeared in two segments of the television series, "Hawaii Five-O." One of them is scheduled to be rerun in the near future.

Norman LaRochelle, cast in the role of Tribal Historian, has credits in the entire gamut of the entertainment media. He has been a regular on a daytime television serial, and has among his screen roles those in "Doctor Zhivago" and "Love Story."

Cast in other principal roles are George White as General William Henry Harrison; Joe Farmer as Tenskwatawa, Tecumseh's brother; D. Wade McClain as famed frontiersman Simon Kenton; and Janet Gross as Rebecca Galloway, the white girl who loved and was loved by Tecumseh.

Rich Indians Won't Surrender Canyons

Dane Conley, son of Mr. and Mrs. Hargus Conley, Route 1, Stoutsville, was named to the Honor Roll of Georgetown College for the spring semester.

Dane is also an active member of the Kappa Alpha Order at the Kentucky college.

An award, for being the Outstanding Senior in school and public health studies was presented by Eastern Kentucky University to Jill Barthen.

JILL BARTHEN

The Route 1, Orient student graduated May 13 and has been accepted to serve with the Peace Corps. in the Philippines. She will leave in August.

Jill is a graduate of Westfall High School.

Daniel Lari Meckstroth, the son-in-law of Mr. and Mrs. Delbert Remy, Route 1, New Holland, received a master of education degree May 30 at Xavier University commencement exercises.

Dan will enter the University of Cincinnati administrative internship program in September, 1973, and will serve as intern assistant principal at Bethel-Tate High School where he previously taught senior social studies and American history.

Otterbein College presented diplomas to six Pickaway County students June 10. Receiving degrees were:

James R. Barr, Route 2, Ashville, bachelor of arts.

Michael L. Ayers, 119 N. Washington St., bachelor of arts.

David P. Leist, 430 Brown St., bachelor of music education.

Jonda Lynn Steinhauser, 1028 Georgia Road, bachelor of science in education.

Polly Jane Thomas, 1124 McGraw Road, bachelor of arts.

Robert I. Barnes, Darbyville Road, Williamsport, bachelor of arts.

The Purdue University Department of Bands has accepted 184 incoming freshmen into the band and nine others in the school orchestra. Among those accepted was Jill A. Hoffman, Route 2, in the flute section.

Mark A. Pontius, son of Mr. and Mrs. Norman L. Pontius Jr., Route 1, Amanda, was among graduates receiving degrees at the June 8 commencement at Ohio State University.

Mark majored in agriculture education and was awarded the BA degree from the College of Agriculture and Home Economics.

The graduate plans to farm 600 acres of corn and soybeans and raise livestock in Pickaway and Fairfield Counties.

While at the university, Mark was a member of the Ag-Ed Society.

Deborah Simard, Stoutsville, received a bachelor of arts degree from Capital University during graduation exercises held June 3.

Michael Missler, son of Mr. and Mrs. Clinton Missler, 603 S. Court St., has been named to the Dean's List for academic achievement during last semester at Ohio Dominican College, Columbus. To be included a student must have attained at least a 3.5 cumulative point hour.

Missler, is a freshman at ODC, a coeducational, fully-accredited liberal arts college. A graduate of Circleville

Contracts Awarded For Vo-Ed School

COLUMBUS, Ohio (AP)—Contracts totaling \$3,136,688 have been awarded for construction of the new Central Ohio Joint Vocational School near here.

Construction is to begin later this month. The facility is expected to be ready for students in the fall of 1974.

Students from seven districts in Franklin, Madison and Union counties will attend the school.

High School, Missler was assistant editor of the school paper while a student there.

One Circleville student, Deborah Kay Miller, 567 Oakland Terrace, has been listed as a spring quarter initiate by Alpha Lambda Delta, national women's honor society for freshman scholarship. She was selected on the basis of grades averaging at least 3.5 (half A, half B) for the first 30 hours of their freshman year.

Vicki Stoer was recently awarded the Jenny Lind voice scholarship from the Conservatory of Music at Capital University.

VICKI STOER

The Jenny Lind scholarship is the highest award given to up-perclassmen, designated for woman students only. To receive this honor Vicki competed with other students who maintained honor grades and who were recommended to enter this contest by their voice professors.

Vicki is the daughter of Mr. and Mrs. Kenneth Stoer, Route 3, Mt. Sterling and a former student of the late Amanda Paxson of Washington C. H. She graduated from Westfall High School in 1972.

Rebecca Dum Barr, who has been on the Dean's List of Scholars for four semesters, was graduated from The Columbus College of Art and Design with Bachelor of Fine Arts Degree. She is associated with an advertising agency in Columbus.

She is the daughter of Mr. and Mrs. Emerson C. Dum, Ashville.

Michael Bayes, a junior in the College of Agriculture and Home Economics at Ohio State University was recently selected for membership in Towers Agricultural Honorary.

Towers Agricultural Honorary is an organization which recognizes students for academic achievement and active participation in campus activities. Membership is reserved for outstanding students pursuing an undergraduate program in agriculture.

Mike is the son of Mr. and Mrs. James C. Bayes, Route 2, Orient.

PALM SPRINGS (AP)—For the 165 men, women and children who form the Agua Caliente Indian tribe, the measure of wealth is the right to enjoy the pristine naturalness of their wilderness canyons, eyed covetously by the National Park Service and scores of private developers.

Since 1892, the Agua Calientes have been living on 32,000 acres of reservation land, 6,700 acres of which fall within the city limits of Palms Springs, one of the world's most exclusive resort areas.

And for 50 years the small band has resisted the blandishments of the National Park Service, the state of California and private developers, including Walt Disney, to sell or lease their canyon reserves.

"We like the canyons just as they are," said tribal secretary Priscilla Pete, 28. "We let visitors come in. Hundreds come through our gates and go up the canyons each week...the canyons are for our personal use, for our children to enjoy."

The Indians already derive large incomes from the land they have leased in Palm Springs for golf courses, plush spas and luxury homes for the winter use of the wealthy and the famous.

Officials estimate Agua Caliente-owned land in Palms Springs to be worth close to \$100 million, giving each member of the tribe a share value of more than \$500,000.

Many of the Indians now reside in expensive homes, some costing as much as \$150,000, with swimming pools and lush gardens.

But the Agua Calientes are determined not to succumb to the lure of huge profits that could be theirs if they permitted Development of the wilderness lands.

"The canyon reserve lands are in a sense sacred to our people," said Tony Andreas, 34, a tribal council member and the tribe's historian. "We have a feeling for this land. This is where our forefathers lived for centuries. It is here they held traditional ceremonies. It is here that they lived and were buried."

Federal and state attempts to create a Palm Canyon National Monument in

Now Hear This

NEW YORK (AP)—An estimated 19 million persons in the United States, including about 3.5 million school-age children, have substantial hearing defects. At least half of these can be helped by hearing aids, but only about 2.5 persons wear hearing aids today, says James P. Ince, executive secretary of the Hearing Aid Industry Conference.

More than 90 per cent of all disabling hearing losses can be significantly improved by medicine, surgery or amplification through hearing aids, Ince estimates.

Such persons are urged to consult a medical doctor — preferably an otologist or otolaryngologist (ear specialist).

It is estimated that there are more than 924 million persons of the Christian faith in the world.

the area date as far back as 1922. The latest bid was made last December during a meeting between National Park Service and tribal officials.

"We've talked with Indians of other tribes who have worked with the National Park Service. They say the arrangement leaves much to be desired," explained 27-year-old tribal chairman Ray L. Patencio.

"If we let the federal government or the state operate the canyons as parks, we would not be able to do the things we want to do with our land. Developers have wanted to build resort hotels, golf courses, condominiums on

canyon reserve land, but we've turned them down," he added.

The land itself consists of canyons named Palm, Andreas, Murray and Taquitz, threaded by snow-fed streams which cascade down the slopes of 10,786-foot San Jacinto Peak, through narrow, rocky, gorges where the original version of the movie, "Lost Horizon," was filmed.

Caves and canyon walls are adorned in places with prehistoric rock carvings, drawings and paintings and here and there are ancient Indian burial grounds.

Visitors to the canyons pay an entry

fee of 75 cents and they are given a descriptive booklet which says on the final page: "A visit ...will provide you with a rare opportunity to observe the manifold beauty of God's creations in a natural state. A thing of beauty is a joy forever."

The Agua Caliente believe that their canyons provide an oasis of peace and serenity of inestimable value in a hurlyburly age.

"Man is running away from himself, but not here in Palm Canyon," said Patencio. "Here, you can find a quiet place by a cool stream. Be by yourself and think."

Tunnel Under Channel Eyed InParliament

LONDON (AP) — Cost estimates are rising by the minute as supporters work to move a much-discussed English Channel tunnel from the dream to the construction stage.

An engineering report due for debate in Parliament later this week says it will cost \$2.125 billion to have the planned twin railway tubes in operation by 1980.

The tunnel would enable trains to whisk passengers, autos and freight between London and Paris in 2 hours, 40 minutes, less than half the present time by rail and ferry.

In 1963, experts had talked of completing the tunnel in the 1960s, at a cost of \$470 million.

High costs were one reason the British government delayed construction then. The same argument is being heard now against the tubes. But supporters argue that, if Britain and France continue to hesitate, it will cost still more.

A parliamentary green light is needed for the project to move forward.

The next phase is building of tunnelheads and short pilot tubes near Folkestone, England, and at Sangatte, near Calais, France.

During preparation of the latest report by one British and one French consulting firm, all the traditional arguments were raised against linking the two countries by undersea tube. And some critics came up with a new reason reflecting the times: The tunnel, carrying most of Britain's trade with Europe, would become a target for terrorists, ranging from the Black September Palestinians to the Irish Republican Army.

Over the decades, various proposals were shelved, mainly out of strategic considerations. The British always felt safer behind the large moat they call the English Channel. But this is illogical now that Britain has joined the Common Market, tunnel advocates say.

There is still opposition to a tunnel from those who favor a bridge. But this would cost an estimated \$5 billion.

Frozen Hay On Cow's Menu?

WOOSTER, Ohio (AP) — The American dairy cow of the future may feast on a steady diet of frozen hay, if research being conducted at the Ohio Agricultural Research Center proves successful.

A four-man team of researchers have found that freezing hay and other types of forage reduces waste and increases protein. The more nutritional forage could lead to larger milk production, the scientists said.

The team also has discovered that frozen hay could be a boon to hay growers. Farmers could reduce their harvesting time by half and even get an additional crop of hay from their fields.

However, the researchers face a big problem—finding an economical way to freeze the hay and store it for later use.

"If this can be solved in the Midwest, where we have a problem with

weather, it will have a dramatic effect on agriculture," said Harold Keener, research team leader. "It can increase nutrition, cut down field losses and increase total milk production."

Keener, a specialist in dairy housing techniques and time-saving devices, said the team has tried three different methods of freezing.

One system uses blasts of 20-degree air to freeze the forage. In another method, 52 to 80 pounds of hay were frozen at 20 degrees in 12 minutes using a partial vacuum. This method, Keener said, would cost the farmer about \$70,000 in new equipment.

The third method involves forcing the forage through a 20-degree freezing chamber and extruder. The forage is then cut into one-inch cubes. Keener said his team favors this method, called conduction freezing.

"If the conduction freezing proves successful, we hope to start a pilot

project next summer under simulated farming conditions," Keener said.

He added, "If research can develop a practical method, within 10 years farmers will be building barn-sized refrigerators with a means of moving the feed to their herds."

Under the plan, he said, a farmer would cut and windrow the hay one day and on the next day collect it from the field and freeze it. The farmer would then thaw the forage before feeding it to the cattle.

Now, he said, a farmer needs nearly four days of rain-free weather to use conventional methods.

FAA Grounds Pilots Who Missed Field

MIAMI (AP) — The government has grounded the pilot and copilot of an airliner that was bound for Miami International Airport but landed at a smaller field eight miles away.

The Federal Aviation Administration said Monday that the pilot of the United Air Lines Boeing 727, Capt. James Bosse, and copilot Charles Melbourne would not be allowed to fly until an investigation of the incident is completed.

The two flight officers were not available for comment. They both fly out of Newark, N.J.

Jack Barker, FAA public affairs officer in Atlanta, said the investigation into the incident should be finished within a week or two. He said Bosse and Melbourne face possible charges.

"It could be very serious," Barker said. "The pilot landed at the wrong airport. Fortunately this airport had a runway 200 feet wide and 8,000 feet long. It could have been an airport a lot shorter, and many things could have happened."

The Boeing 727 with 62 passengers aboard landed Sunday night at Opa-locka Airport after receiving clearance to land at Miami International, said James Frazier, FAA area coordinator.

The passengers were bused to Miami International that night. The crew flew the jet to the larger field Monday morning.

"Initially, the plane was cleared to land at runway nine-left on an instrument flight plan at Miami," said Frazier. "Then they canceled and said they were going to land visually."

"Then the Miami tower noticed they were lining up with Opa-locka's nine-left instead of Miami's," he added.

The Miami and Opa-locka runways are parallel but about eight miles apart.

Dear Abby:

By Abigail Van Buren

Disciplining Is Dialing Trouble

DEAR ABBY: Will you please settle a misunderstanding among myself, my husband, and my mother concerning my 7-year-old son?

Dickie loves to talk to his grandmother (my mother) on the telephone, and occasionally, as a disciplining measure, we deny him that privilege.

When the phone rings, if I don't get it before Dickie and it's his grandmother, he tells her that he's not allowed to talk to her.

My mother gets upset because she feels she should be able to talk to her grandson when she calls. She even suggested that if she should die suddenly and Dickie hadn't been allowed to talk to her, he would hold it against my husband and me. She asked me how I would feel then?

My husband and I think we have a right to discipline our son as we see fit, but since my mother brought up this dying business we aren't so sure. Thanks for any help you can give us.

CONFUSED

DEAR CONFUSED: Surely you and your husband can discipline your son in some other way. By denying him the privilege of talking to his grandmother, you are punishing her, too. But he's your son so YOU make the rules. And don't let grandma black-jack you with talk of sudden death and ensuing guilt.

DEAR ABBY: All of a sudden my sister in law stopped speaking to me, and being a sensitive person I wanted to know why, so I asked her. She said: "I'll be honest with you."

When you asked us for the plans of our house, we gave them to you, not dreaming you would make yours a carbon copy of ours, including the landscaping, the fence, and the lawn furniture. Then you had to get a car like ours. And now you are planning to vacation the same place we vacationed last year, and that is the last straw."

I was shocked. If they didn't want us to have the same kind of house, they should have said so. Instead, they acted honored. Our car is a different color and lots of people go to the Virgin Islands for a vacation.

Should we change our vacation plans, Abby? I don't need a person like her for an enemy.

SISTER IN LAW

DEAR SIS: If you think it will improve your relationship, go somewhere else. And now that you know she resents being copied, try to be a little more original.

DEAR ABBY: Whenever I read or hear about a woman who is overweight but says, "My husband likes me this way." I think of myself 30 years ago. I was 35 years old, 5 foot 3, and 260 pounds. My handsome husband told me he didn't care-he liked me just the way I was.

My mother kept telling me how unhealthy it was for me to carry around so much weight but I kept saying, "I feel fine, why should I

diet?" If a friend suggested that maybe I should lose some weight, I avoided that person.

Then it happened. High blood pressure, diabetes, and a heart attack. One thing after another and all directly related to my obesity. Why didn't a doctor warn me? Because all those years I was too ashamed to go near a doctor because I knew he'd put me on a diet.

I know now that if I had reduced 30 years ago, I'd have been a lot healthier. As for my husband, he has paid some staggering doctor bills. Poor man. Sign me.

FOOLISH AND STUBBORN

CONFIDENTIAL TO WONDERING IN WEST VIRGINIA: You are wondering with good reason. If two Rh negative parents have an Rh positive baby, then one must question whether the mother is the mother or the father is the father.

Problems: You'll feel better if you get it off your chest. For a personal reply, write to ABBY: Box No. 69700, L.A. Calif. 90069. Enclose stamped, self-addressed envelope, please.

U.S. Agents Probe Theft Of Chemicals

CLEVELAND, Ohio (AP) — Federal investigators say they will look into the alleged theft of 800 pounds of explosive chemicals from a suburban South Euclid plant by a band of teen-agers.

The Alcohol, Tobacco and Firearms Division of the U.S. Treasury Department said it was studying the case to determine if federal explosives laws had been violated.

South Euclid police said they were not notified of the theft until eight days after the incident. The company said it delayed its report because the theft "was obviously a kids' prank."

"We wanted to work with them. The minute they began to hear what they had, they were very cooperative," said a spokesman for the firm, Glastic Corp.

He said the company was afraid the youths might not talk freely if the company had gone to police immediately and threatened prosecution.

The company said some of the chemical had been burned, but that the rest was recovered.

Cave Tourists Enjoy Singing

LEASBURG, Mo. (AP) — The stereo system at Onondaga Cave on U.S. 66 here, has the latest songs on it from the new film musical, "Tom Sawyer." The reason is that the musical shot several scenes at the cave.

Tourists are given the words from the song so they can sing as they tour the cave.

Atom Power Eco-Hazards Ordered Probed By Court

WASHINGTON (AP) — A federal court has demanded an immediate study of environmental hazards of developing fast-breeder atomic power, which President Nixon has called the energy source of the future.

The three-judge U.S. Appeals Court for the District of Columbia said Tuesday "it is evident that the program presents unique and un-

precedented environmental hazards." Citing the problems of handling some 600,000 cubic feet of concentrated radioactive wastes that would be generated by the year 2000 under the fastbreeder plan, the court said: "These wastes will pose an admitted hazard to human health for hundreds of years, and will have to be maintained in special repositories."

Reversing a district court decision, the appeals court said the Atomic Energy Commission must prepare a study of environmental impacts of the breeder-reactor development program.

The AEC had argued that an impact study was not needed until the breeder reactor program moved out of the research stage and was on the verge of

commercial construction, estimated around 1980.

The Natural Resources Defense Council (NRDC), a citizens' environment organization, which had sued the AEC, claimed the law requires an environmental-impact study early in the entire program.

A fast-breeder power plant operates by generating plutonium-239, which is

used as reactor fuel instead of uranium 235, a scarce natural element used in present nuclear power plants.

The problem is no atomic reactor uses up its fuel completely. Highly radioactive waste materials must periodically be removed and disposed of. And plutonium wastes would remain highly radioactive for hundreds of thousands of years, posing potential long-range hazards.

Fewer Cows Produce Less Milk In May

WASHINGTON (AP) — Milk production in May totalled slightly more than 11 billion pounds, down two per cent from a year earlier, says the Agriculture Department.

Average output per cow was 964 pounds in May, the same as last year.

Acting OEO Chief Serving Illegally, Judge Rules

WASHINGTON (AP) — A federal judge has struck another blow at the Nixon administration's plans to shut down the Office of Economic Opportunity, but time and money continue to run out on the antipoverty program.

U.S. District Court Judge William B. Jones ruled Monday that OEO Acting Director Howard J. Phillips is serving

illegally, and enjoined him from any further actions in that capacity.

OEO officials declined to comment on Jones' action until they had an opportunity to read the decision.

The decision opened the possibility that new legal moves would be made to nullify some of Phillips' actions designed to carry out his presidential mandate to close down the agency.

Judge Jones ruled that Phillips has served illegally since Jan. 29, 1973, saying that Nixon did not submit Phillips' name to the Senate as nominee for director as required by legislation creating OEO.

The ruling came in a suit filed by four Democratic senators, Harrison Williams of New Jersey, Claiborne Pell of Rhode Island, Walter F.

Mondale of Minnesota and William D. Hathaway of Maine.

In an earlier decision, Jones had ruled that the administration had acted illegally in ordering the closure of OEO without congressional approval.

In that decision he directed Phillips to halt actions directed solely at

The Circleville Herald, Wednesday June 13, 1973

11

shutting down the agency.

But despite the judicial decisions, the agency has little chance to exist beyond July 1, the start of the next fiscal year. The budget the administration sent to Congress for the fiscal year asked for no new appropriation for the antipoverty agency. And, with no sign that Congress will defy the President and come up with funds to continue OEO, it appears

virtually certain the agency will go out of business in two weeks.

In messages to Congress following the start of his second term, Nixon said most OEO programs would be shifted to Cabinet departments.

Assault Brings Mansfield Term

Gary Dennis Swingle, a young Jackson Countian, was sentenced to Mansfield Reformatory Tuesday for his part in a July, 1972 rape-assault case involving two Ohio State University coeds.

Swingle reaffirmed his Jan. 29 plea of guilty to assault with a deadly weapon before Judge Guy Cline and was sentenced to the Mansfield Reformatory for a one to five year maximum term.

The man originally went to trial on charges of rape and assault on January 11. A mistrial was proclaimed and the jury dismissed because of improper testimony given by witnesses.

Psychiatric examinations were ordered before sentencing after Swingle entered his plea Jan. 29 to the assault charge. The rape indictment was dropped Tuesday at the recommendation of Special Prosecutor Steve Gussler.

Ringgold Church School Slated

Vacation Bible School at the Ringgold United Methodist Church begins Monday.

Area youth age three through teenage are invited to take part in the two week program, running June 18-22 and June 25 to 29 from 9 a.m. to noon.

Information on the Ringgold Vacation Bible School program is available from Karen Bush, 474-7081.

Haddox Ruled Guilty

A penitentiary sentence of one to three years was suspended Tuesday for Harold Haddox, charged with failure to support his family. Haddox was placed on probation for a five year period, under orders to provide for his three children.

COLLEGE PRESIDENT WASHES DISHES—Dr. John R. Coleman, Haverford, Pa., College president, poses in front of a Boston oyster house where he held a job as a dishwasher. He held other jobs as a ditch digger, garbage collector and cook during a two-month period. He said he found the experience "tremendously refreshing."

Zane Trace Students Are Honored During Assembly

Eleven Zane Trace Junior High School students were honored during the school's annual awards assembly June 7.

The individual awards were presented by Principal Gary Walsh to eighth graders displaying excellence in specified subject areas.

Honored were: Amy Lyons, art; Susan Eselgroth, music and English; Tom Ortman, music; David Shoemaker, industrial arts and social studies; Lori Newman, mathematics and home economics; Rebecca Colopy, science; Eric Haynes, boys' physical education; Nancy Coey, girls' physical education.

For their participation on the "Trailblazer" staff, Journalism Awards were presented to Kim Seifert, Vicki Arledge, Peggy Price, Beth Stockman, Becky Colopy, Ginny Handley, Tamme Birchfield, Lori Newman, Eric Haynes and Tom Shoemaker.

As Student Office Aides, awards were received by Kenny Bell, William Benson and Emmett Wallace.

Student Service Awards were presented to: Danele Parker, Cheryl Branham, Patty Branham, and Joyce Adams, Melody Vincent, and Kathy Engelman.

Students who had attained honor roll status each six weeks grading period were: Pam Goldsberry, Janet Cryder, Nancy Carter, Don Mallow, Annette Neff, Susan Eselgroth, David Shoemaker, Rebecca Colopy, Linda Stump and Brenda Stump.

Certificates of Perfect Attendance went to: Clyde Hartenstein, Glen Hinton, Michael Burnheimer, Salina Seymour, Paula Pittenger, Theresa Paxton, Delores Hupp, Tamara Edler, Janet Cryder, Suzanne Boggs, Kevin Prickett, Willard Shaffer, Christopher, Nancy Bode, Linda Stump, Sid Congrove, Dane Poling, and Melody Lucas.

Presented annually in the Zane

Trace School is the American Legion Award to the outstanding eighth grade boy and girl. These awards were presented by Roger Karshner of the Kingston American Legion Post to David Shoemaker and Susan Eselgroth.

The spelling award went to Jennifer Jones, a seventh grade pupil, and to Edie Riser, an eighth grader.

City Seeks Injunction

The City of Circleville has filed a legal suit in Common Pleas Court to have two advertising signs removed from a local property.

City officials claim Beach Signs Inc., whose agent is William Beach, and Van-Orr Foods Inc., whose agent is Robert Koch, have erected business advertising signs at 483-485 E. Main St. which violate the city's zoning ordinance.

According to the city's complaint, the two businesses were advised that the signs had to be removed by April 3 but they have refused to comply with the order.

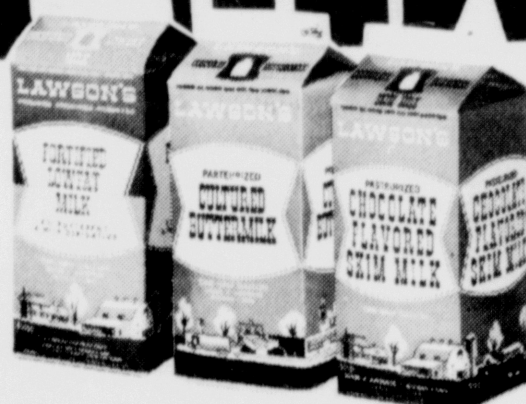

The suit asks that the local court order the signs taken down and an injunction be granted to prevent both businesses from installing any new signs which would also be in violation of the zoning code.

Dedication Set

The new bridge on State Route 56 over Laurel Run just west of Laurelville will be dedicated Friday at 11 a.m.

Officials of the Ohio Department of Transportation and county commissioners will attend the ceremony.

SPORTS

The Circleville Herald, Wednesday June 13, 1973 13

Scioto Downs Has Imposing Field In Challenge Stakes

Arnie Almahurst, the colt picked to win the 1973 Hambletonian will make his third start of the year Thursday night at Scioto Downs in the \$13,580 Challenge Stakes three-year-old trot. Owned by Mrs. Gene Riegler, Don Bolyard, and Robert Black of Greenville, Ohio, Arnie Almahurst has won one and lost one in two starts this year.

Trained and driven by Gene Riegler, Arnie Almahurst will have an imposing field of nine challengers in Thursday's clash, and the bay son of Speedy Scot will have to be at his best if he is to emerge victorious.

Rated second choice on the early line for Thursday is Speedy Contessa, the daughter of Speedy Count, owned by Mr. and Mrs. Kenneth Hey of Oxford, Mass. Speedy Contessa, trained and driven by Garland Garnsey, father of the head driver at Castleton Farms, Glen, posted a very impressive victory in 2:01 1-5 at Vernon Downs this year. Last week she was moving up to Challenge Colonial Charm in the Matron Filly Stake when she was knocked off stride at the head of the stretch.

Ranked third are a pair of swift sophomore trotters, Lucky Hill from the Bruce Nickells stable, and Crafty Filter from the Herman Graham Stock Farm of Salem, Illinois.

Lucky Hill, a bay son of the Columbus-based sire, B. F. Coaltown, finished third to Walter B. Good in last week's colt division of the Matron Stakes, and was clocked in 2:01 3-5.

Another pair of strong Hambletonian eligibles come to Scioto Thursday night, namely A.C.'s Thor from the Howard Beissinger stable, with Mike Zeller up, and Blue Vista from the Billy Houghton stable, reined by assistant John Moore.

The second half of the Gene Riegler stable Thursday night is Dark Secret, owned by the Little Six Stable of Findlay, Ohio.

One of Ohio's most famous drivers, Wayne "Curly" Smart will make his presence felt Thursday night. Although the veteran Delaware reinsman is now retired, he will be represented by his grandson, Rick Midden driving Smart Noble, a rangy bay son of Noble Victory, owned by Dr. John Stevens of Columbus.

Marc Ferguson will take Coaltown Dude postward for owners Mr. and Mrs. Rawleigh Lowe of Malta, Ohio, and Fred Hess will have Corned Beef for owners Paul Mutzig and Paul Riegel of Jackson, Ohio to round out the field of Challenge Stakes three year olds.

Busy Niekro Stymies Pittsburgh, 4-2

By KEN RAPPOPORT
Associated Press Sports Writer
Phil Niekro is getting more work on a baseball field, which means he's doing less work in his backyard. His wife doesn't mind, though, as long as he continues to win games.

"I hired a couple of the neighborhood boys to mow the grass on my days off...I have to take it easy now," says the Atlanta Braves' pitcher who is working—and thriving—under a new system of only two days' rest between assignments.

The knuckleballer made his second appearance under his personal three-day rotation system and never looked better, pitching a six-hitter to beat the Pittsburgh Pirates 4-2 Tuesday night. Niekro has pitched three games in seven days and won them all. Last

Wednesday, he beat the Montreal Expos 5-3 with relief help and last Saturday, whipped the St. Louis Cardinals 8-2 with help.

In the other National League games, the New York Mets beat the San Francisco Giants 5-4; the Montreal Expos downed the San Diego Padres 7-4; the Los Angeles Dodgers beat the Philadelphia Phillies 8-6; the St. Louis Cardinals tripped the Cincinnati Reds 11-5 and the Chicago Cubs blanked the Houston Astros 3-0.

Ed Kranepool hit a two-run homer in the sixth inning, helping New York beat San Francisco. Kranepool connected on the first pitch from Juan Marichal after John Milner had opened the inning with a single.

Bob Bailey's two-run homer climaxed a four-run fifth that carried Montreal's hot Expos over San Diego. The victory was the fourth straight and ninth in 13 games for Montreal.

Pinch-hitter Steve Garvey hit a two-out, bases-loaded triple in the eighth, capping a four-run rally that gave Los Angeles its triumph over Philadelphia.

Ted Simmons hit a three-run homer to key a five-run rally in the third inning, leading St. Louis over Cincinnati. Joe Torre had four hits and three RBI for the Cardinals.

Rick Reuschel pitched a three-hitter and Billy Williams hit a two-run homer, pacing Chicago over Houston. Reuschel had a no-hitter until Cesar Cedeno singled to lead off the seventh.

Reds Obtain Fred Norman From Padres

CINCINNATI (AP)—Forget Fred Norman's 1-7 record, says Pete Rose. He's happy to have Norman on his side.

"My average just went up with him over here," said Rose.

Reserve catcher Bob Barton agrees. He thinks Cincinnati may have the man they need for a third National League division title in four years.

Cincinnati traded little-used Gene Locklear, one of its brightest farm team prospects, for lefthanded pitcher Norman of San Diego. The Padres also got minor league pitcher Tom Johnson.

"I think Fred could be the guy we're looking for," said Barton, who spent three seasons with San Diego as a battery mate of Norman's. "He's one of the finest lefthanders in the league. Everybody raves about his screwball."

Norman joins the Reds today and has been assigned to start against Pittsburgh Friday—after a shave and a haircut.

Reds' Manager Sparky Anderson, from the old school of the clean-cut athlete, says Norman's mustache and long hair must go.

Anderson isn't worried about Norman's record of 4.26 earned run average. "He knows how to pitch. Playing for this ball club will improve his record."

Locklear, a full-blooded Lumbee Indian from Pembroke, N.C., has been used primarily as a pinch hitter this season after winning batting titles in the minor leagues the last two years.

Rose, who has 1,994 hits, said the trade will help both clubs.

"Norman will win a lot of games for us. And Gene will get a chance to play regularly there. He'll help them," said Rose, who was 2-for-5 in Tuesday's 11-5 loss to St. Louis.

Norman's only victory this season was a 2-1 decision over the Reds. The 5-foot-8 lefty was 4-1 against the Reds last year, including a 1-0 win in which he struck out 15.

are starving and every one playing against us is eating good."

Torre and Ted Simmons each drove in three runs, one a home run by Simmons, his second of the season.

Reggie Cleveland, with a save from Diego Segui, earned his sixth victory in seven games and contributed a two-run single that lifted his batting average to .360.

The Reds' Ross Grimsley, 5-5, gave up five runs in the third inning and gave for the first time to St. Louis in seven appearances.

The Reds send Jack Billingham, 8-2, against Rick Wise, 7-3, tonight in the final contest of the three-game series.

Cincy Hurlers Fail Again In 11-5 Loss To Cardinals

CINCINNATI, Ohio (AP) — Cincinnati Manager Sparky Anderson paraded four more pitchers before St. Louis Tuesday night and the Cardinals mowed them down, 11-5, for the second night in a row.

The Cards won Monday night 12-4 drubbing three pitchers.

Joe Torre was back in the lineup and led St. Louis' 15-hit attack with four.

"Their pitching is a little tired," said Cardinal Manager Red Schoendienst.

"It's just like baseball in Japan. Every pitcher pitching a couple of innings every day. That's what's happening to the Reds."

The defending National League

champions have lost four of their last six games and in doing so gave up 47 runs and 67 hits—11 of them home runs.

Reds team captain Pete Rose said it is getting busy in the outfield. "There're so many balls caroming off the left field wall I feel like a jai alai player out there."

Anderson admitted he has been using a lot of pitchers but said he is lifting most of them for pinch hitters. "You gotta try to score," Anderson said. "There's no other solution. There's no use panicking, there are 104 games left."

"We ain't got it so bad. Some people

Palmer, Nicklaus Return To Scene Of '62 Playoff

OAKMONT, PA. (AP)—The lockers of Jack Nicklaus and Arnold Palmer—Nos. 226 and 216—are just across from

each other in the red-carpeted, fan-cooled upstairs locker room of the aged Oakmont Club.

As Jack and Arnie lace on their spiked shoes for the 73rd U.S. Open Golf Championship, they look up and find themselves eyeball-to-eyeball.

"We're so close we can whisper sweet nothings in each other's ear," Palmer said. It was a big joke.

But it's not a big joke to either of these golfing giants—the idol of an earlier decade, and the strong, young dude who replaced him—as the biggest of all golf tournaments returns to one of its hallowed grounds for four days of high-pressure competition, starting Thursday.

"Ever since I lost in 1962, I've been waiting for the Open to come back to Oakmont," Palmer said today. "This is my country. I am very eager to redeem myself."

"Winning here in 1962 was one of the greatest things that ever happened to me," said Nicklaus. "Naturally, there is tremendous feeling on my part about the course and the people."

One hundred and fifty of the world's best players—137 pros and 13 amateurs—comprise the field teeing off at 7:30 a.m. EDT Thursday. But one would have to be completely devoid of sentiment not to recognize the drama of a new Nicklaus-Palmer confrontation.

It's quite different from 11 years ago. At that time, Nicklaus was a chubby, crew-cut rookie professional of 21 without a pro victory. Palmer was the idol of the game—a bullshouldered, charismatic charger who captivated golfing fans with his final round comebacks.

The upstart Nicklaus tied Palmer for the 72-hole lead at 283, then beat him by three strokes, 71 to 74, in an 18-hole playoff.

Eleven years have brought a complete turnaround. Now, Nicklaus is thinned-down and long-haired, with credentials that mark him as the best golfer in the world and a 4-1 favorite

Upper Lansdowne Lists Activities

Harry Hoffer, teaching professional at Upper Lansdowne, has announced a list of summer activities at the golf course.

Golf lessons will be available for junior players, boys and girls, between the ages of eight and 18. Instructions will be given 10 a.m. Tuesdays, 7 p.m. Thursdays and 10 a.m. Saturdays. Junior golfers may sign up for a scheduled time at the golf shop.

Ladies golf group instructions will also be given during the summer. A husband and wife Scotch play event will be held at a date to be announced. One of the highlights of July will be a father and son tournament.

June 23 will be a "Beat the Pro" event with golfers competing against the score of Hoffer. It will be in conjunction with regular play.

All of the events will be open to the public and sign up sheets are at the golf shop. Further information may be obtained by contacting Hoffer at the golf shop, 983-2989.

Bruce Helwagen carded a 32 for low gross honors and Mike Harrison had a 31 to take low net in Pickaway County Club Men's League action Tuesday. The winning team was No 9 with 21½ points. Team members were Larry McFadden, Steve Smith, George Hamrick, Jim Butler, Bob Currie, Jim Rae, Bob Wilson, Marc Davis and Tom Fitzgerald.

Boys and girls, ages eight through 15, can register 9 a.m. Friday at the pro shop for the junior golf program.

Canoe Race Planned

The fourth annual Fremont Jaycees seven-mile canoe race will be held 12:30 p.m. Sunday on the Sandusky River.

Further information can be obtained by contacting Pete DeSario, Box 683, Fremont, O. 43420, phone 334-9961.

Saltcreek Captures

County LL Minor Fray

Jay Thomas, Todd Hunt and Kerry Hardman combined to hurl no-hit ball as Saltcreek downed Laurelvile, 13-7, in a Tri County Little League Minor game on the loser's diamond.

The three Saltcreek hurlers gave up a total of 12 walks and struckout 12. T. Butts, B. Norman and T. Garrett shared mound duties for Laurelvile. They gave up a total of five hits, 14 walks and fanned 11.

Thomas paced Saltcreek with two singles, Hardman slammed a double while Joe Bethel and James Hunt each rapped a one-bagger.

Racing To Resume

At River Downs

CINCINNATI, Ohio (AP) — Owners continued to try to identify their thoroughbreds today from 64 horses rounded up after a \$100,000 fire Monday in the barn area at River Downs race track.

Racing was to resume at 3 p.m. today after Ken Plattner, general manager, canceled racing Tuesday. He said he would ask the Ohio Racing Commission for permission to make up the lost day.

BG Cage Schedule Includes Purdue

BOWLING GREEN, Ohio (AP) — Purdue University has been added to the 1973-74 basketball schedule for Bowling Green State University, according to Athletic Director Dick Young.

Howard's Blast Spoils Woods Bid For No. 15

By ALEX SACHARE
Associated Press Sports Writer

Wilbur Wood says he's out of his groove; Frank Howard just hopes he's finally out of the outhouse.

Howard got hold of a Wood knuckleball in the eighth inning Tuesday night and deposited it 20 rows deep in the upper left field stands for a two-run homer that gave the Detroit Tigers a 6-5 victory over the Chicago White Sox—and spoiled Wood's try for victory No. 15.

"It was a good pitch, a knuckler that broke fairly well," said Wood, now 14-6. "He just hit it."

"Every time I get a hit I ask myself, 'Is this it? Am I breaking out of my slump?'" said Howard, who is batting just .197. The homer was his first of the season.

"Then," he added, "it seems like the next day I'm back in the outhouse."

Elsewhere in the American League, Baltimore beat Kansas City 6-4, Cleveland edged Texas 5-4, Milwaukee defeated Minnesota 6-3, Oakland topped New York 4-2 and Boston beat California 6-5.

Earl Williams slugged a two-run homer in the ninth inning to break a 4-4 tie for the Orioles. Although he's batting only .209, Williams leads the Orioles with eight home runs and 25 runs batted in.

Two-run homers by Walt Williams and John Ellis powered the young Cleveland Indians to victory.

"We needed a man like Ellis to bring

USC Rally Ends Tourney For Gophers

OMAHA, Neb. (AP) — Minnesota's baseball team learned the hard way Tuesday night— never provoke a Trojan.

The result: an eight-run, ninth-inning rally by Southern California for a 8-7 College World Series victory and an almost unbelievable loss and ouster for Minnesota.

Defending three-time champion USC can wrap up its fifth collegiate title in six years Wednesday night with a victory over top-rated Arizona State.

Arizona State, 59-7, earned another shot at the Trojans by ousting Texas 6-5 on Clint Myers' two-out, ninth inning single.

USC beat the Sun Devils 3-1 Monday night in the double-elimination tournament. An Arizona State victory would send the tournament to a climatic 15th game Thursday night.

"They probably made us a little mad," said USC Coach Rod Dedeaux, referring to Minnesota, which bunted late in the ball game apparently to score more runs when already leading 7-0.

"That started a lot of bantering back and forth," continued Dedeaux. "Nothing serious— just clean fun, but our players got mad and that might of helped."

Minnesota, 31-16-2, was on the verge of throwing the annual collegiate classic into a three-way scrap for the title when the Trojans bunched eight singles, three Minnesota errors, a sacrifice fly and stolen base into the amazing game-winning comeback.

Southern California won for a third straight night although being out-hit. Minnesota collected 12 hits to USC's nine.

Now, the Trojans will have to solve Arizona State ace Eddie Bane, 15-1, if they want their ninth title in the 27-year history of the tournament.

Southern California, 50-11, will counter with Mark Barr, brother of former USC standout Jim Barr, who now pitches for San Francisco.

Minnesota, 31-16-2, was on the verge of throwing the annual collegiate classic into a three-way scrap for the title when the Trojans bunched eight singles, three Minnesota errors, a sacrifice fly and stolen base into the amazing game-winning comeback.

Southern California won for a third straight night although being out-hit. Minnesota collected 12 hits to USC's nine.

Southern California, 50-11, will counter with Mark Barr, brother of former USC standout Jim Barr, who now pitches for San Francisco.

Ali-Norton Rematch Set

INGLEWOOD, Calif. (AP) — Former world heavyweight champion Muhammad Ali, voicing determination and remorse, says he'll keep his mouth shut when he fights Ken Norton in their rematch, a guaranteed big money maker.

"If he does keep his mouth shut, I'll knock his whole head off," solemnly promised the 28-year-old Norton, who broke Ali's jaw when they first fought last March 31 and won a 12-round split decision. It changed the economic status of his life, and he'll be going another scheduled 12 against Ali at the Forum on Sept. 10.

Promoter Don Fraser envisions a California record gate of \$700,000 at the indoor arena. And Bob Arum, president of Top Rank, Inc., of New York, expects more than a million to watch the international closed circuit telecast.

Ali, now 31, used a new line of talk, criticizing himself, at Tuesday's official signing ceremony for the fight.

"This may come as a shock to you, but I've never really trained for none of the fights that you've seen. I've never actually trained. I've never actually stopped doing many of the things that a fighter is not supposed to do."

"It finally caught up with me."

"I have to say to Mr. Norton that he put up a great fight. But like I told Joe Frazier once, 'You have to beat me twice."

How To Find Camping, Fishing Spots

By JIM DAUBEL
Written for The Associated Press

You'd like to explore Ohio, try a new campground, fish a different lake or stream, but you don't really know how to go about it.

You could just round up the family

Arapaho Wins Third Straight At Scioto

COLUMBUS, Ohio (AP) — Arapaho won the one-mile pace featured 8th race Tuesday night at Scioto Downs. It was Arapaho's third straight win and fifth in the last six races.

Onyx Star, No. 4 in the first race, and Spinner's Tramp, No. 1 in the second, teamed for the daily double.

Arapaho's time was 2:04 2-5. He paid \$4.20, \$3.00 and \$2.20.

Four Oaks Judge, second place in the feature, paid \$5.00 and \$3.00 and the third place finisher, Duchess Time, paid \$2.80.

Onyx Star paid \$15.00, \$6.60 and \$4.60 while Spinner's Tramp paid \$6.20, \$3.20 and \$2.80. Double Tickets were worth \$55.80.

Attendance was 5,128 and the track handle \$240,657.

and take off, fingers crossed and hoping for the best.

If you're like most people, however, you won't leave a long vacation to that kind of chance and you don't want to risk disappointment on a short outing.

What you need, first, is information on Ohio in general and, second, a source of advice on specific local areas that interest you.

The best place to solicit general information on outdoor Ohio is in Columbus from either the Department of Natural Resources or the Department of Economic and Community Development.

Among the newest and most complete publications available from the development department is the 64-page booklet "Beautiful Ohio," a \$1 directory of travel attractions.

For the camper, boater or fisherman, the resources department can supply detailed information on state parks, public launching facilities, wildlife areas, lakes and other land or services under supervision of its four divisions.

Write the development department at Box 1001, Columbus, 43216, or the resources department at its Publications Center, Fountain Square, Columbus, 43224.

Other excellent sources of information on local conditions and facilities, especially relating to hunting and fishing, are officials at the five district offices of the Division of Wildlife who supervise game and fish management activities in every county of the state.

Call or write offices at 1500 Dublin Rd., Columbus; 952 Lima Ave., Findlay; 912 Portage Lakes Dr. Akron; 360 E. State St., Athens, or Route No. 3, Xenia.

Chambers of Commerce and local or regional tourist promotion agencies often can provide useful information. A letter to the chamber of any city

near your destination usually will bring results.

When in doubt, desperate, or both, be aware that outdoor writers are notoriously free with advice, some of it good. There are more than 70 parttime and full-time outdoor writers in Ohio. Many can be contacted through local newspapers.

Hunting and fishing information can also be obtained through county game protectors who usually can be reached through the county sheriff's department.

Overall, there is plenty of information available. You just have to know where to find it.

Liberian Boss Speaks At Wilberforce

WILBERFORCE, Ohio (AP) — The President of Liberia Tuesday likened the foundation of his nation to Wilberforce University.

William R. Tolbert Jr., 19th president of the African nation, told a Liberia Day Convention, the founders of both Liberia and Wilberforce "recoiled from the indignities and injustice of their times and sought after satisfying forms of liberty and justice for all."

"They never sought to avenge themselves. They sought rather to distinguish their posterity."

Tolbert said the ties between Liberia and Wilberforce strengthened as both emphasized "the cultivation of black young minds to serve humanity as a whole."

He noted that Bishop Daniel Coker of the African Methodist Church, the founding organization of Wilberforce, brought the first AME church to Africa in 1820. The republic was founded in 1822.

Tolbert said leaders and the people of Liberia are determined to improve economic conditions and to work toward economic unity among Africa's nations.

Tolbert received an honorary doctor of laws degree from the university.

President Rembert Stokes said a scholarship would be established at Wilberforce for a Liberian student to be selected by Tolbert.

Physician Won't Talk

COLUMBUS, Ohio (AP)—Dr. Gordon F. Morkel of Mansfield has refused to answer questions about his association with Family Doctor Services or his alleged improper use of paramedics.

Morkel invoked the Fifth Amendment more than 80 times when he was questioned Tuesday by the Ohio State Medical Board and its attorney, Charles Collett, an assistant attorney general.

The board is investigating eight charges against Morkel dating back to Sept. 5, 1970.

These include charges of "grossly unprofessional or dishonest conduct" in assessing fees for medical services he allegedly did not perform and lending his name to an illegal practitioner of medicine and aiding and abetting the unlawful practice of medicine in four separate instances.

Theodore J. Trebonik of Mansfield testified Tuesday about the medical care he received from an employee of Family Doctor Services after he had an asthma attack Sept. 5, 1970.

Trebonik told the board his wife called the service because his family had just moved to Mansfield and did not yet have a family physician.

He said an employee from Family Doctors, whom he did not identify, administered an injection, pills and oxygen. Trebonik told the board he was "completely out of it," and he awoke in the intensive care unit of Mansfield General Hospital.

ALL WEATHER BANKING AT THE SAVINGS AUTO BANK MEMBER FDIC

and I attended a tea given for the girls from the American Legion Auxiliary seventh district who will be going to Buckeye Girls State next week. The tea was held at Hudson House at Portsmouth. Thirty-four of fifty delegates were in attendance which was considered very good by the hostess unit.

It was a most informative afternoon as well as giving the girls an opportunity to meet with a few of the staff members and of course each other.

Cindy McClure of Londonderry arrived at the Easterday household last Friday and will spend the summer in our fair town. She enjoys the privilege of being employed for the vacation months at Wardell's party Home. Cousin Becki has been employed there for several months.

Mrs. Raymond (Marvene) Kneese is indeed grateful and wants to extend her sincere thanks to her many friends and relatives who remembered her with cards, flowers, visits and other acts of kindness during her lengthy stay in Grant Hospital. She is especially appreciative of the many prayers offered in her behalf by the local church groups. Her immediate family is quite thankful to have her home and well and they, too, express a grateful thanks to one and all.

Mrs. Charles (Phoebe) Smiley, our dear ninety-nine year old neighbor, was pleased to have her niece, Mrs. Darlene Onley of Columbus, and her grandnephew, David Zimmer of Harrisburg, visit with her Sunday afternoon. Mrs. Smiley's daughter, Mrs. Charles (Ruth) Shippe of Macon, Ga. has been with her for the past two weeks. Ruth will leave by plane either Thursday or Friday for her home.

Brenda and Dena Galloway, lovebirds daughter of Charley and Ethel Galloway, enjoyed being with their cousins Tammy and Shawn Ryan at Columbus for a few days. The Ryan girls, daughters of Mr. and Mrs. Michael (Myrna Gilmore) Ryan are now keeping things busy at the Galloway household. Little tiny precious Mag (Marie Annette Galloway) is very much a part of the total picture.

My athletic prowess is nearly nil and my knowledge of the game of baseball is even less but even so we shall attempt to report on last Friday night's Westfall Pony League game played opposite Stoutsville Pony League.

Westfall was the big winner for the evening with final score being Westfall 11; Stoutsville 7. Brad Beatty was the winning pitcher, with John Long relieving in the sixth and seventh innings. The game was played on the winners diamond, coached by the winning combination of Jerry Williams and Bob Oesterle.

Comprising the team we have: Joey Lemaster, Brad Beatty, Terry Hanson, John Long, John Graffis, Neil Keller, Jeff Mowery, J. R. Hamman, Drew Henson, Larry Mosley, Miles Henson, Doug Lane and Carl Strittmatter (the latter two have been out of the line-up due to injuries suffered earlier at practice but are hopeful of seeing action very soon). John Long, a versatile athlete, hit two home runs (the only home runs for the evening) and these were in consecutive order for him.

A form letter is available at the Williamsport United Methodist Church to be sent to NASA supporting the decisions of the astronauts to read the Bible from their space craft as they orbited the moon. This support effort is to defeat Madeline O'Hara, the atheist who is attempting to have the astronauts publicly censured and to prohibit further demonstration of religion by public officials.

LANDMARK IS LONG ON GRAIN SERVICE!

LONG ON getting you unloaded quickly and back to the field in the shortest possible time. LONG ON storage facilities — ours are well maintained and ready — with modern handling and drying equipment. LONG ON trained people who know how to take care of your grain... also with up-to-the-minute market information and advice. LONG ON dependable weighing, honest testing and fair grading. If your grain is above average, your deal will be too. LONG ON a NET check that really counts. Always working to keep prices up and discounts down, we have helped you build Ohio's finest farmer-owned grain marketing system.

Read Less, Urges Miller

LOS ANGELES (AP) — Author Henry Miller made a rare public appearance at the national booksellers' convention here and remarked, "I'm telling people they should read less and less."

Miller said books published today do not measure up to those of a few years ago, and he predicted that within 100 years books will be completely displaced by such things as television and movies.

Despite Miller's contentions, the president of the American Booksellers Association said Americans are reading more and more.

Miller, pioneering author of erotic books such as "The Tropic of Cancer" and "Sexus," is one of a number of authors in attendance this week at the booksellers' association's annual convention. Others include Norman Mailer, Garson Kanin, Ray Bradbury, Jacqueline Susann, Duke Ellington and Lillian Gish.

A bit deaf but otherwise alert and provocative at 81, Miller told a news conference Tuesday what the booksellers wanted least to hear:

"I don't see any books existing in 100 years, maybe sooner. It seems to me that we are going to be able to acquire all the information we need through other media."

"I think the taste for reading has diminished a great deal. There are more books being published, but less that mean anything. Today's books don't seem to carry the weight of those of 25 years ago. The cinema and television have taken over the public's attention."

"People won't read heavy books any more unless they happen to be pornographic."

Storms End Heat Wave

By THE ASSOCIATED PRESS

Cool air advancing on the Northeast today broke a late spring heat wave and triggered thundershowers in the Southeast and along the Atlantic Coast.

Thunderstorms, high winds and hail scoured the eastern part of the nation Tuesday and resulted in one death. A newspaper delivery boy in Fishkill, N.Y., was killed when a tree limb fell on him during a storm.

Winds during a severe thunderstorm knocked down power lines and trees in New England.

Tornadoes touched down at Watertown, Conn., and Maybee, Mich., Tuesday. No injuries or serious damage were reported.

Excessive rains over the past few days have left flooded areas in South Carolina. Flash flood warnings were posted for parts of southern Texas today.

Over an inch of rain fell at widely scattered points from New Mexico to Pennsylvania during the night.

Temperatures before dawn ranged from 45 at Duluth, Minn., to 84 at Needles, Calif.

Woman's Death Comes On Eve Of 124th Birthday

WHEELING, W.Va. (AP) — Funeral services are set Thursday for Dora Edith Johnson, who died at a Wheeling hospital on the eve of her 124th birthday.

Mrs. Johnson, born in Jug Run, Ohio, remained active in her later years and last September cut the ribbon to open the annual Belmont County Fair.

She was to have received a bouquet of roses from President Nixon for her birthday Tuesday. Survivors include one son, two daughters and 50 grandchildren.

Arrests

David N. Van Buskirk, 29, 116 Pontious Lane, driving while intoxicated.

Carol Sue Bowman, 35, Route 3, 70 miles per hour in a 60 zone.

Princeton Grads Protest Shultz

PRINCETON, N.J. (AP) — Treasury Secretary George Shultz ran into a student protest when he received an honorary degree at Princeton University.

About 50 seniors walked out and another 75 turned their backs when Shultz was presented with his honorary doctor of laws degree on Tuesday. There were 910 graduates.

Leaflets passed out by the protestors said, "Shultz has been a principal architect of a budget that has given lowest priority to those who need it most, the poor of this country."

Kentuckian Pleads Innocent Of Murder

CHESAPEAKE, Ohio (AP) — A 17-year-old juvenile from Olive Hill, Ky., has pleaded not guilty to delinquency by first-degree murder charges in the strangulation death of a 15-year-old South Point youth.

The juvenile received a probate court hearing Tuesday in the slaying of Jeffrey Allen Scott.

Police Probing Thefts In City

Two thefts and a breaking and entering are being investigated by Circleville police.

David H. May, Chillicothe, notified police he had left his car in the parking lot on Pinckney St. 8 a.m. Tuesday and returned at 5 p.m. A tool box, valued at \$8, and \$100 worth of mechanics tools had been stolen from his car.

Patricia J. Leasure, 817 S. Washington St., reported the theft of a new pup tent from her backyard sometime Monday night. The tent was valued at \$9.

Jackie Crabtree, 135 Logan St., told

police she left her house 7 p.m. Monday and returned at 10:30 p.m. to find someone had entered the house through an open window. A \$75 lady's wrist watch and several ashtrays and candy dishes had been taken.

Many Different Factors Determine Home Security

The threat of property loss and personal harm to the family has reached significant enough proportions that every prudent head of the family should begin immediately to develop a home security program.

At the start, rather than racing off to the nearest hardware store to purchase the latest in locks and chains, the home owner should first think about this over-all program of security, decide the areas and degree of protection required and then begin immediately to protect the critical areas. Total protection is in reality impossible but a good program will protect the majority of assets.

"Throughout history, the home has required the greatest amount of protection," says Richard Post whose recent book "Determining Security Needs" (Oak Publications Inc.) teaches business and industry how to audit security and develop plans for it.

"The cave was a form of home defense which the instinct of primitive man told him was necessary," said Post. "We evolved to the fortified walls, the moat around the castle and the legions of warriors ready to defend the landowners' distress and subsequently the legal process incarcerated the criminal."

Today, however, the role of the police has been seriously challenged first by the number of other-than-crime-fighting duties the policeman must perform and second by the amount of people now involved in crime.

"Regardless of the root causes and the societal and governmental response for dealing with them," said Post, "the problem of providing protection for crimes against the home is a serious one to be faced by every home owner."

The first step toward adequate home security is to develop an over-all attitude about security. As part of this first step, you should investigate criminal statistics in your area. Talk with officers and find out what level of crime exists in your area based on police reports. You as a citizen have

the right to be informed of the information.

You will also be able to find out through conversations at the police precinct how they operate and generally what their response time to crime reports is. At this time, you are sure to learn why it is important for you to give accurate, immediate reports to the police any time a crime is committed. Cooperation with the police is essential to controlling crime. Without reports, the police are unable to direct crime-fighting activities toward reducing the crime in that area.

"The second major step is deciding your vulnerability," says Post. "These are, for the most part, when you are not home, when members of your family are and you are not, and the proper storage of valuables."

As part of this over-all attitude about crime, you need to develop an awareness on the part of your family about crime and methods of controlling.

You may need to teach your family how to keep strangers out of your home when you are not present. You may have to teach younger children not to open the door to strangers if you are not present.

But what happens when you are away? The basic step and one many homeowners forget is: lock the house up, secure the window latches, tell your neighbors you are away, make it look like you're still home and notify the police when you go on vacation.

Your vulnerability here is critical. You should do a survey of your house before you go on vacation. Make doors and windows burglar proof. Change your locks if you've just moved into a home or apartment. Keep lower windows covered so outsiders cannot see it.

The third step is begin to protect the vulnerable areas. Install locks so they cannot be forcibly opened. Decide on whether locks alone will do it. You may want to purchase a home alarm system. "One company has had great success in a Chicago area operation, trying home burglary, fire and panic alarms into the local cable television system," said Post. "Using the same cable that brings television in to subscribers, it is able to install alarm devices and send alarms back down the cable to a central station where personnel are monitoring the alarm and calling the proper response team—fire or police. We believe that in a number of years most homes will be protected by some kind of home alarm system."

Another company has installed computer systems at its central office. A subscriber's home is programmed into the system, and this programming includes safes and vaults, as well as doors and windows. If a burglar effects entry, a signal is flashed back to a computer. Instantaneously, the computer transmits its information to a monitor. An attendant viewing the screen digests the information and alerts patrols and the police.

Robert McDermott, a former New York City detective and now head of a security corporation (Holmes), gives this advice:

Skylab Eyes North Ohio

HOUSTON, Tex. (AP) — Skylab whizzed over the northern half of Ohio Tuesday, its cameras clicking and sensors scanning to give men a better picture of what's happening on their little blue planet.

In its one-minute sweep, spokesmen for the National Space and Aeronautics Administration said, the spacecraft took a look at acid leakage from strip mines, the sprawl of cities and suburbs, and the wave-ravaged coastlines of the Lake Erie shore.

The astronauts pointed television cameras at Earth, discussing what they saw. "There's some pollution coming into the lake," one of them said. The camera was focused on Cleveland and the west end of Lake Erie at the time, he said.

Skylab's path over Ohio was part of a 24-minute pass over the northern United States. It extended from a point south of Detroit, below Cleveland and Akron, directly above Pittsburgh and on over Washington, D.C., to the Atlantic Ocean.

Much of the equipment speeding overhead at 280 miles a minute was making its measurements by means unavailable to man directly: microwaves and infrared radiation. Much of it, NASA said, was being tried in space for the first time.

"A lot of the point of the project is to determine the quality of the equipment, so we can plan for future missions," a NASA spokesman said.

But the projects also are gathering information on environmental quality, on agriculture and forestry and on geographic features useful for maps and in earth resource studies, NASA said.

OHIO WEATHER SUMMARY

By THE ASSOCIATED PRESS
A temporary respite from the warm and humid weather in Ohio, with a weekend return of warmer temperatures are seen by the National Weather Service.

Cooler and drier conditions are moving southward across Ohio today. The cool air was following a cold front that was situated Wednesday morning from New England to Pennsylvania, and across southwestern Ohio to Missouri. By Wednesday night the front is expected to be in Kentucky and become stationary on Thursday.

Showers moving ahead of the front Tuesday hit all sections of Ohio, along with a few heavier thunderstorms. Some of the heaviest rainfall amounts were in Columbus and Zanesville with nearly two inches of rain, while Toledo and Findlay had a little over a half inch.

Highs for Thursday afternoon will again be in the 70s to low 80s, with mostly sunny skies. A chance of showers about Sunday also is in the Ohio weather picture.

Ink Plant Fire Kills 2

PHILADELPHIA (AP) — "They didn't know what hit them," Fire Commissioner Joseph Rizzo said of two firemen killed in a fire and explosion at a downtown plant. Thirty-eight persons were injured.

The fire broke out about 9 p.m. Tuesday night at a printers ink plant. It engulfed two plant buildings, spread to a five-story furniture warehouse and threatened a row of houses before being brought under control early today.

At least 30 persons were reported evacuated and a large portion of downtown Philadelphia was cordoned off to traffic into the early hours today.

John W. Welsh, 33, and Robert Malley, 37, died beneath the rubble of a cement block wall that was blown out as firemen tried to gain access to the blaze in the building housing the Frederick Levey division of Cities Service Co.

Several firemen were hit by the rubble. Three of the injured were firemen who were listed in serious or critical condition in city hospitals today. A policeman was also injured.

WHERE'S COOLSVILLE?

Conspirator Hunt Switches Jails

WASHINGTON (AP) — Convicted Watergate conspirator E. Howard Hunt Jr. has been transferred to Arlington County, Va., jail following a scuffle with another prisoner in the District of Columbia jail.

Hunt's lawyer, William O. Bittman, said Hunt awoke late Sunday night to find a new cellmate rifling his papers and taking his clothes, and a fight ensued. No one was injured.

Bittman said the transfer to Arlington was made Monday at his request.

Another Watergate conspirator, G. Gordon Liddy, suffered a cut on his ear in a scuffle with an inmate at the D.C. jail on March 26.

Lack Of Quorum Delays Hearings

COLUMBUS, Ohio (AP)—Lack of a quorum caused postponement of Congressional hearings here this week into allegations of radical political influences in prisons.

Committee sources said an earlier hearing in Albany, N.Y., confirmed, in part, an organized attempt to promote radicalism in prisons.

The House Internal Security Committee had subpoenaed at least one former Ohio prison inmate to testify. The American Civil Liberties Union also said several present state prisoners were to have testified.

The Ohio chapter of the ACLU urged the hearings be canceled.

BONELESS HAM

ARMOUR'S 1877 FULLY COOKED **SMOKED HAM**

Whole Or Either End

\$1.29
lb.

Armour's "1877" Boneless Ham is an outstanding treat. From the finest, selected porkers come these tender succulent hams. Armour's scientifically processed hams feature a mild smoked flavor... real eating pleasure for your family dining. We've done most of the cooking for you. To fully enjoy the juicy tenderness of Armour's "1877" ham, all you need to do is pop it into a 350 degree oven for 20-30 minutes per pound and enjoy its aroma until ready to serve. Plan your week-night and week-end menus around this completely boneless ham... another of Armour's fine hams... a truly enjoyable old-fashioned experience in family dining.

ARMOUR'S VERIBEST LEG-O-PORK **FRESH HAM**

Whole Or Either End

\$1.19
lb.

Armour's Veribest Leg-O-Pork Roasts are made from selected fresh hams that are boneless — skinless and are extra lean. They just cannot be beat for use as a roast or barbequed on a rotisserie. You can use them diced in chop suey or similar dishes — on a stick as pork, city chickens or sliced for frying, grilling or charcoaling.

HOMEMAKER'S HINT

YOU ASKED ABOUT NITRITES

Recently, questions have been raised about the use of nitrate and nitrite in the curing of meats. Nitrate used in the curing vats is converted to nitrite by naturally occurring bacteria. Thus, nitrites are substances present in all cured meats.

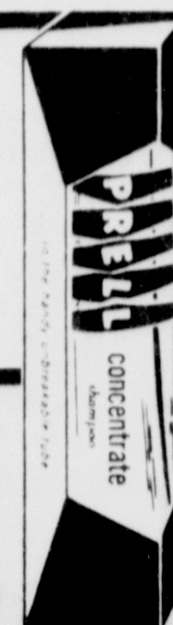

According to Richard A. Greenberg, Vice President, Research and Development, Swift and Company, the addition of nitrites to meats accomplishes the following: 1) Produces the desirable flavor components that we call cured flavor. This is a unique flavor, unobtainable without curing. When a product is smoked, instead of vat cured, one of the by-products is nitrite. So, even though no nitrite has been added, it is still present in the end product. 2) Prevents rancidity and thus the development of "warmed over" flavor. 3) Produces a desirable head stable color. 4) Prevents botulinal toxin formation should the product be mishandled after it leaves the manufacturer.

No other material except nitrite is capable of successfully carrying out these functions. For 3 years, scientists from the American Meat Institute Scientific Advisory Committee, Food and Drug Administration and U.S.D.A. have been investigating the need for nitrite in cured meat product manufacturing. Two projects have been completed (canned hams and frankfurters). Nitrite was found in both systems to be necessary for the manufacture of the product and the prevention of botulism toxin, and safe for consumption.

* Information taken from R. A. Greenberg's article "Nitrite — Benefit and Risk" May 25, 1973.

CARROLL RICHTER'S HOROSCOPE

from the Carroll Richter Institute
GENERAL TENDENCIES: An opportunity is present today for you to discuss business matters with an influential person. You are able to work out plans for a new project that brings success to you with minimum effort. Correspond with those far away.

ARIES (Mar. 21 to Apr. 19) Go to a new location with a clever friend whose judgment is good and put a new plan in motion. Attend the social tonight and obtain the information you need. Avoid a troublemaker.

TAURUS (Apr. 20 to May 20) You understand exactly how to get the data you need from a bigwig, so do just that. Handle money matters properly. Give more support to mate. Remember, it's a matter of teamwork.

GEMINI (May 21 to June 21) Accompany an associate to a worthwhile place that will give you a better insight into modern trends. Expand where the spiritual side of life is concerned. Adopt a new viewpoint.

MOON CHILDREN (June 22 to July 21) Become more cooperative with co-workers instead of deviating so much, and get better results. Buy new items to make your wardrobe more charming. Bring out the inner you.

LEO (July 22 to Aug. 21) Make this a profitable and enjoyable day with business associates. Take the time to show mate how much you value the alliance. Avoid one who has some strange ideas. Relax at home tonight.

VIRGO (Aug. 22 to Sept. 22) A good day to put your business affairs in order so that you can realize your fondest dreams very soon. Some entertaining at home can be most enjoyable tonight. Show that you have poise.

LIBRA (Sept. 23 to Oct. 22) Improve on your appearance and then keep the important appointments that will help you to advance in your career. The evening is fine for the social side of life. Use your charm.

SCORPIO (Oct. 23 to Nov. 21) Concentrating on how to add to present income is fine. You can now get fine ideas and suggestions from successful businessmen. Plan a trip you want to take for good purposes. Keep sober.

SAGITTARIUS (Nov. 22 to Dec. 21) You can go to those persons for the favors you need and get excellent results. Become more gregarious in your attitude and manner. This can bring excellent results in the future.

CAPRICORN (Dec. 22 to Jan. 20) Instead of angling so much, bluntly state what it is you want from others and get far better results. Put your hunches to work which are accurate now. Avoid one who is a hypocrite.

AQUARIUS (Jan. 21 to Feb. 19) A good day for making new contacts and being your own gregarious and happy self. Attend interesting group affairs. Don't get yourself in a hassle over something unimportant.

PISCES (Feb. 20 to Mar. 20) You can work progressively in a civic matter, especially if you confer with important officials. See that your credit rating is good. Take time to engage in hobby you enjoy.

IF YOUR CHILD IS BORN TODAY... he or she will be one of those delightful young people with an active and philosophical mind. For this reason your progeny should be given an opportunity to travel a good deal and meet people of various backgrounds. The study of foreign languages and comparative religions should be included in the formal education. Give ethical training early in life.
"The Stars impel, they do not compel." What you make of your life is largely up to YOU!

Views On Television

NEW YORK (AP) — "I was embarrassed for Marlon Brando came out of Sacheen—she wasn't able to seclusion last night to appear say what she was intending to on ABC's 'Dick Cavett Show,' discuss the wrongs he people should boo and whistle feels have been inflicted on and stomp, even though per-haps it was directed at my-self."

That the 49-year-old actor Brando, unshaven, soft-was able to have his say was spoken and clad in a denim accomplishment. Cavett, jacket, wasn't asked why he normally a good interviewer, didn't make the speech generally acted like a Holly-wood reporter who himself, nor did he tell why. Brando, a study in quiet specializes in such piercing passion and harsh words when discussing the plight of Indians, grew visibly an- noyed when Cavett kept in-terjecting questions about his movies or acting philosophy.

At one point, he com-plaind, "We have so little time to talk about Indians and there's so much to say about them that I hate to talk about movies.... It's such a misuse of time, but then I'm your guest and I don't want to horn in on what your program is going to be about."

Cavett, often flustered, spent the last half-hour of his show with three members of Indian tribal councils and Dr. Wallace G. Heath, director of the Lummi Indian tribe's aquaculture business in Washington state. While they talked, Brando generally remained silent, listening intently. Cavett thoughtfully probed the areas of their concern, their anger, their hopes for action by Congress.

It wasn't easy to follow, but it got the message across, and that was Brando's concern in the first place. It probably was the only reason he didn't walk out when Cavett kept asking him about his movies.

He sent an Apache, Sacheen Littlefeather, to make his protest speech for him before a national TV audience. He told Cavett he'd probably do the same thing again, but added:

Derby News

MRS. GEORGIA SWEET, 896-2462

Derby United Methodist Vacation Church school, planned for June 18-22, and 25-29, will be from 9 to 11:30 a.m.

Herman Rowland was able to return to work last week. We wish him the best.

To Mrs. Esther Musselman the community offers its condolences on the death of her sister, Mrs. Sina Quigley, who passed away Tuesday in Cypress Hospital, Fort Lauderdale, Fla.

Mr. and Mrs. Elwood Rowland (the former Joy Davis) and three children are visiting for three weeks with her mother Mrs. Sue Skiver. Their home is in Belgrade, Fla.

Mrs. Marilu Wilson is now home from Mt. Carmel Hospital after surgery, and able to be about some.

Congratulations to Mr. and Mrs. Jay Writsel on becoming parents of a daughter born May 27.

The sympathy of this community is extended to John Downs and his family on the death of his sister, Lottie Downs, 82, who passed away in Berger Hospital on Tuesday.

Vacation Bible school at the Southwest Church of the Nazarene will be from June 11-15 from 9 - 11:30 a.m.

\$21.5 Million Transferred For Pay Hike

COLUMBUS, Ohio (AP) — The State Controlling Board has approved the transfer of \$21.5 million to pay salary increases granted Ohio public employees last year.

Transfer of \$16.1 million in the Welfare Department and \$5.4 million from emergency funds to the Finance Department were approved Monday. Board President Joel Taylor said the action was needed despite litigation which has held up raises because they exceed guidelines of the Federal Wage Board.

He said the funds will lapse at the end of the fiscal year June 30 unless the board sends them to affected agencies. The Franklin County Court of Appeals recently cleared the way for the pay increases but the federal government asked the court to reconsider. That request is pending.

Most of the welfare funds would pay retroactive wages due employees of the 88 county welfare departments.

The board also released more than \$18.6 million for improvements and construction in the state's higher education system. Largest among this was \$8.6 million for a new health and science building at the Medical College of Ohio at Toledo.

Columbus Technical Institute was granted \$4.1 million for a health and science facility.

The board released \$3.4 million for a library and learning resources center at the Lorain County Community College, and \$460,000 to complete the auditorium of the Clermont County Branch of the University of Cincinnati.

Also approved was the state's school foundation payment of \$58.4 million for the month of June, and the release of \$382,841 as the state's share with local school districts in the purchase of 101 new school buses.

27. Pets

FREE puppies, small breed. 983-3929.

18 MO. OLD registered Beagle, male, good with children. \$25. 474-3365.

DOG grooming. All breeds. Vet approved. Call Kingston 642-3103 for appointment.

MOATS Aquarium. Tropical fish, aquariums, and supplies. 226 Watt. 474-6414.

28. Farm Equipment

GRAIN bin with dryer, 10,000 bushel capacity. Located on north end of River Road. Call 614-548-4497.

29. Produce - Seeds

SWEET potato plants, petunias, perennials, geraniums, and produce. Dowler Farm Market, State Route 23. Open 9-7.

HOME grown strawberries, picked fresh daily. Rhoads Farm Market, Route 56 East. Open 9-9.

30. Livestock

EDWARD'S Custom Butchering and process for freezer. Beef and pork for sale by side or quarter. Smoked meat. 285-3025, Logan.

3-4 CHAROLAIS bull. Purebred Hereford bull. Fine features. 474-3216.

YORKSHIRE Boars. Top quality. 3 miles US 35 west, Washington C.H. 614-335-5339. David Carr.

Happy Birthday to:
Connie Hooks, Milo Wrightsel, Chris Horn, 4-year-old Clyde Onewehr, George Hastings, Russell Richards - June 17; Laura Writsel, Mary Clark, Debbie Clifton, Bob Hillman, Ron Justus - June 18;

Judy Wright, Marlene Metzger, Rose McDill - June 19; David Garrett, Cindy Riley, Jamie Rhodes, Ann Straley - June 20; Emma Rapp, Duane Roberts - June 21; Jeff Sherrick, Dick Immell, Lori Commearns, Patricia Bick, Jess Williams, Roy Thompson - June 22; Cheryl Cottrill, John Roberts, Joey Rhoades, Naomi Blackson - June 23.

Belated Anniversary greetings to: Mr. and Mrs. Howard Harris on June 12; Mr. and Mrs. Carl Lindsey - June 17; Mr. and Mrs. James Dean - June 18; Mr. and Mrs. Ron Justus - June 19; Mr. and Mrs. Robert Reed - June 23.

The monthly missionary meeting will be held June 17 at 6 p.m. at the Southwest Church of the Nazarene. Miss Ruth Speckien, of the Circleville Church of the Nazarene and former Student Mission Corps member, will tell of her experiences in the mission field.

Boys camp starts June 25-30 for boys 8 to 11 years old. Anyone who has not turned in his application is advised to see Rev. Feazel. Girls camp is July 2-7.

Steve Cochran received a special award at the District NUPS Convention June 1. The award was for outstanding service and leadership on the District Impact team.

Last Saturday the new Southwest Community Church building was dedicated with Dr. Paul Orjala as guest speaker. Dr. Don Gibson presided.

Lukens Sets Honeymoon

COLUMBUS, Ohio (AP) — Sen. Donald "Buz" Lukens, R-4 Mid-dletown, isn't making it easy for Republicans who hold a precarious one-vote majority in the 33-member Ohio Senate.

He plans to get married Saturday and leave for a long honeymoon. This has caused GOP leaders who may need his vote to try to move Democratic Gov. John Gilligan's \$9.9 billion budget to a floor vote Friday.

Lukens won't be back before the state's present budget ends June 30. Lukens said he may not vote for the bill anyway.

The 41-year-old senator, a former congressman and a prospect for the 1974 Republican gubernatorial nomination, voted "no" Tuesday night on a successful motion to accept the House-passed bill from a finance subcommittee.

He told newsmen that he objected, among other things, to cuts in proposed spending for mental health. He said he would offer amendments.

"As the bill is now, I wouldn't vote for it on the floor," he added.

Dollar Devaluations Boost U.S. Sales

LONDON (AP) — Two devaluations of the dollar since December 1971 are beginning to pay off in the sales of American goods abroad, an Associated Press survey of Europe and Japan shows.

Americans are beginning to compete once again in world markets against the West Germans and the Japanese, their toughest competitors.

The potential seems even greater than the result so far. But progress has been slow and experts predict it will take another two years for the United States to wipe out its 1972 trade deficit of about \$6.5 billion.

Devaluation by 8.58 per cent in December 1971 and another 10 per cent last February meant cheaper prices for U.S. goods overseas, but not necessarily higher sales immediately.

The survey showed that if America wanted to be No. 1 in world trade, its businessmen would have to try harder. "I could have doubled my turnover

Brandt Ends Successful Israel Visit

JERUSALEM (AP) — Chancellor Willy Brandt's encounter with Premier Golda Meir has been like two people edging toward each other on a tightrope.

Brandt has sought a balance between German guilt for its Nazi past and the need for Mideast stability to cement the detente of his bridge-building policy to Eastern Europe.

Mrs. Meir has searched for a road between memories of the Holocaust her people suffered and Israel's need to be friendly with Germany.

The first visit to Israel by a West German chancellor ended Monday after 98 hours. It was crowded with everything from top-level talks to a fishing trip on the Sea of Galilee.

For Brandt, the trip has been a big success. The chancellor—in shirt-sleeves at a kibbutz or silently mourning at a monument to Holocaust victims—has endeared himself to many Israelis.

One right-wing youth group followed him and demonstrated, as they do against all things German. But more significant were the thousands of Israelis who didn't protest and waved to him spontaneously as he strolled casually about.

In a cable to Mrs. Meir thanking her for her hospitality, Brandt predicted his visit would have "a far-reaching effect on the future relationship between our peoples."

Brandt's visit brought many small but telling breakthroughs. The German anthem was played here for the first time. The German flag flew wherever he went. In Yad Vashem, the national memorial center for Holocaust victims, he read a psalm in German—the language that the state radio banned for 22 years.

He made it clear from the start that, although Germany remembered its past, it would not let it overshadow his modern diplomacy.

From his visit, Jerusalem won renewed promises of German friendship and understanding. But Brandt got at least as much out of it as the Israelis.

He scored a diplomatic coup when Mrs. Meir, who once vowed never to enter Germany, accepted his invitation to visit there.

He shifted German-Israeli relations onto new tracks, for his presence here emphasized the emergence of a new Germany led by a Nobel Peace Prize winner with a record of anti-Nazi activism.

this year if U.S. supplies were available," a British importer of American fabrics complained in London.

A consumer boom in the United States has sharply cut back the flow of goods available for export to many European industries. Anyone in Britain ordering U.S. machine tools, for example, faces delays up to 18 months in delivery.

But selling in Europe is not always easy. Many U.S. manufacturers would have to retool their products for Europe where screw threads, for example, are different. Most electrical equipment has to be for 220 volts rather than 110. Adaptation costs money.

In Tokyo, another problem arises. Design can be more important than price. Japanese imports of U.S. consumer goods are growing, but no one predicts an American sales bonanza.

U.S. goods, like clothing and furniture, are simply not being made in sizes that suit the Japanese.

"When Japanese department stores buy imported goods, design and quality are the most important considerations," says Tetsutaro Iida, a Tokyo chain store executive. "Price comes last."

"American products are generally too practical or pragmatic, having less elegance and missing the fragrance of European products."

In Brussels, headquarters of the nine-nation European Common Market, officials say the United States is now selling more, but prospects are limited. This is partly because price has little effect on the sales of some key American exports to Europe. In these categories devaluation offers virtually no benefits.

"Nobody else makes Boeing 747s," a Common Market expert explained. "The price doesn't make all that much difference. If they cost 20 per cent more instead of 20 per cent less, the airlines would still buy them."

In this field, American sales to Europe depend more on developing new technology than in lowering prices. In Rome, trade officials suggested U.S. prospects may be clouded by cutbacks in the space program, limiting developments in some high technology areas.

Farm products are another important U.S. export to Europe, but again, price has little influence, this time because of trade barriers.

When devaluation of the dollar last February reduced U.S. farm prices by 10 per cent, the Common Market duties on farm produce went up by exactly the same amount.

Surveys in Britain and West Germany showed that relatively few U.S. firms have lowered their prices because of devaluation. Some appeared to consider informing distributors, and changing price lists more of a bother than the potential competitive advantage was worth.

Others said increased costs of U.S.

supplies, high shipping rates or added costs of operating in inflationary European economies have eaten away the benefits from devaluation and kept prices steady. Whatever the reason, some advantages offered by devaluation were lost.

These reasons help explain why price cuts from a devaluation don't automatically expand overseas trade. Yet all the evidence suggests that the U.S. trade picture is improving slowly.

In April, the United States made a profit on its trade with the rest of the world of \$196.4 million, according to U.S. official figures. It was the first U.S. trade surplus for any month since September 1971. Devaluation was said to be an important factor.

About two-thirds of the 1972 U.S. trade deficit with Japan, and the picture there is bright. Finance Minister Kiichi Aichi expects the United States will show its first monthly trade profit with Japan since February 1971 when the May figures came out.

Often U.S. goods cannot compete abroad against locally produced rivals. In Britain, for example, Americans cannot outsell British goods. But U.S. businessmen are doing better against other foreigners like the Germans and the Japanese. Much of this is due to the devaluations.

The various currency adjustments of the past two years have now raised the price of the German mark by 20 per

cent against the dollar and the Japanese yen by 16 per cent.

In the long run, however, devaluation may not be the most important factor in improving the U.S. trade picture.

Inflation is now a worse problem in many European countries than it is in the United States. Some economists think this will eventually prove a bigger help to the U.S. foreign trade effort than the benefits from devaluation.

Because economists generally have found that it takes about 18 months before the results of a devaluation become apparent, there are few hard figures to back up the reports of businessmen except for the April trade figures.

FAT OVERWEIGHT

The Odrix Plan can help you become the slim trim person that you would like to be. Odrix has been used successfully by thousands all over the country for 14 years. Get rid of excess fat and live longer.

Odrix is a tiny tablet and easily swallowed. Contains no dangerous drugs. No starving. No special exercises. Odrix Plan is available in regular and economy sizes.

You must lose ugly fat or your money will be refunded. No questions asked. Accept no substitutes. Sold with this guarantee by:

Five Points News

By MRS. FRANCIS FURNISS

The first week of the Bible School is past and there have been 68 enrolled. There will be another week. Among those helping are Mrs. William Davis, Mrs. John Beathard, Mrs. Charles Rivers, Miss Laura Long, Mrs. Tom Seeley, Mrs. John Sutton, Brenda and Karen Streitenberger, Susan Hillman, Mrs. Robert See, Mrs. Tom Finch, Judy Grabill, Rev. and Mrs. Ken Chapin.

Five Points United Methodist Women met at the church Wednesday evening for their June meeting. The president, Mrs. William Davis, conducted the business meeting and heard various reports. The secretary, Mrs. Herman Porter, called the roll and read minutes of the last meeting. She also read cards of appreciation from Berger Hospital, the Frank Bowling family and Geraldine McCafferty. Cards of cheer were signed to be sent to three persons who are ill. The treasurer, Mrs. Francis Furniss, gave the financial report. Plans were discussed and made to serve the Monroe Alumni Banquet on June 16 at the Monroe School. The meeting closed with prayer by Laura Long.

Mr. and Mrs. Paul Ransdall of Frankfort were Sunday guests of Mr. and Mrs. Austin Fuller and family. Charlyn Fuller spent the week-end with her grandmother, Mrs. Walter Patch of Jeffersonville, and attended the flower show at Leesburg, where Mrs. Patch received several awards on her flowers.

Mr. and Mrs. Alvin Arnold, Mr. Charles Huis, Dr. and Mrs. Matthew Bakes of Chillicothe, Mr. and Mrs. John Long of near East Ringgold, Mr. and Mrs. William Jones and children Denise and Jason, Mrs. Bess Stewart of Columbus, Mr. and Mrs. Robert Helman, Mr. and Mrs. Gene R. Donohoe, and sons Roger and Robin of Washington C.H. were Sunday dinner guests of Mr. and Mrs. Francis Furniss and son Harold and Miss Laura Long.

Mrs. Shirley Anderson returned home Thursday after spending several days with Mr. and Mrs. Joe Roberts of Newport.

Mr. and Mrs. Robert Morgan, Nancy, Ned and Bruce spent Tuesday until Saturday at Myrtle Beach, S.C. while there they attended the Sun Fun Festival.

Mr. and Mrs. Clarence Finch and Mr. and Mrs. John Miller of Irwin spent the past week at Indian Lake.

Mr. Robert Riley of Columbus was the Sunday guest of his parents, Mr. and Mrs. Marion Riley.

Mrs. Bert Frye, a chalk artist of Xenia will present, "The Lost Sheep" Friday evening June 15 at the Five Points United Methodist Church. Everyone is welcome.

Mr. and Mrs. Orville Raser of Commercial Point were Saturday evening guests of Mr. and Mrs. Herman Porter. Mrs. Lloyd Neff, Mrs. Richard Hill and daughter Amy of Lawrence, Kan., were Monday guests of Mr. and Mrs. Bernard Drake of Hoover Dam. Mike and John Reiterman of Mt. Sterling spent the week-end with their grandparents, Mr. and Mrs. Paul Houser.

Mrs. Thomas Finch was host to a surprise bridal shower Sunday afternoon honoring Mary Jane Finch, bride elect of Raymond E. Saunders. Assisting hostesses were Mrs. Jim Armentrout, Mrs. Paul Moore and Mrs. Gary Moore. Many lovely and useful gifts were received.

Mr. Joe Alkire and children Joey, Jerri, Jeni and Jimmy of South Charleston were Sunday dinner guests of his mother, Mrs. Nellie Alkire. Additional afternoon guests were Mrs. Gale Alkire and Randy.

Mr. and Mrs. Richard Hill and daughter Amy of Lawrence, Kan., were Saturday evening guests of Mr. and Mrs. William Neff and family.

Mr. and Mrs. John H. Haller were Sunday dinner guests of Mr. and Mrs. Francis Dean. The occasion celebrated Mr. Dean's birthday.

Mr. and Mrs. James Arledge of Circleville were Sunday evening dinner guests of Mr. and Mrs. John H. Haller.

Mr. and Mrs. Clyde Michel were Sunday evening guests of Mr. and Mrs. Lloyd Grabill.

Mrs. Carrie McCann spent several days last week with her daughter, Mrs. Carl Martin in Darbyville.

Mr. and Mrs. Harry F. Brown, and Ruth and Jake Wright of Atlanta were Saturday evening guests of Mr. and Mrs. Festus Hill. Mr. and Mrs. William Beavers and daughter Betty Ann and Mrs. Victoria McCafferty of Columbus were their Sunday afternoon guests. Mrs. McCafferty remained for a week's visit with the Hill's.

Mr. and Mrs. John Riddle and sons Chris and Scott of Derby, were Saturday evening guests of Mr. and Mrs. Lloyd Neff. Additional Sunday guests were Mr. and Mrs. Richard Hill and daughter Amy of Lawrence, Kansas, Mr. and Mrs. Harold Simmons and children Grant and Becky, and Mrs. Jerry Spangler and son Jamie of Grove City.

School Service Group Adopts New Name; Breaks With National PTA

A new name for an old service organization is expected to better serve the schools of Circleville.

Armco Raises Price Of Aluminized Steel

MIDDLETOWN, Ohio (AP) — Armco Steel Corp. is raising the base price of tow aluminized steel products by \$2.00 a ton.

Spokesmen said Monday the change will increase prices on Types I and II aluminized steel products by 1.38 per cent. They said the price of certain gage and width extras based on steel thicknesses also will be changed.

The board of the General Parent-Teacher Association met May 29 and unanimously voted to adopt a new organization title of Parent Teacher Boosters, or PTB.

As the Parent-Teacher Assn., the organization is required to pay regular dues to the state and national organizations. For every 50 cents the General PTA received, only 10 cents remained at the local unit. Forty cents was sent on to the state and national organizations.

The board feels that a PTB can better serve our community and, most importantly, its children. All funds now received will be kept here and

used locally, primarily for shoe purchases and medical care for city school students.

Because of this changeover, there will be no need for the organization to

Methodists Approve

Boost In Pension

LAKESIDE, Ohio (AP) — Delegates to the West Ohio Conference of the United Methodist Church approved a \$9 annual increase per minister for the conference pension fund.

This brings the conference contribution to \$80 per year for each year of ministerial service.

continue the Pumpkin Show booth project. The booth and equipment are to be donated to the Board of Education of Circleville City Schools to be used by the Junior Class.

The General Committee invites parents with questions about the change to call Dixie Watters, 474-6477 or Georgann Butler, 474-8368.

Judge Weds Couple

Richard Lee Saxour, New Holland, was married to Deborah Sue Morris, New Holland, Tuesday morning.

Judge Sterling Lamb performed the ceremony.
